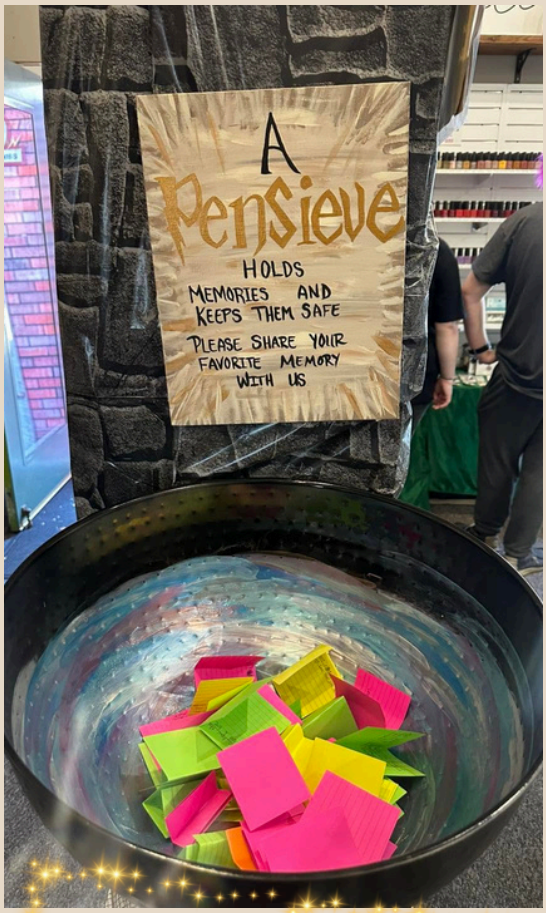
STOPS IN THE CASTLE

Ollivander's Wand Shop

Where the wand chooses the wizard! Step inside Ollivanders and discover your very own magical wand. Young wizards can choose their perfect wand to take home and begin their own Hogwarts adventure.

Honeydukes

A little taste of magic! Step into Honeydukes and satisfy your sweet tooth with a magical treat. From whimsical sweets to delicious surprises, there's something waiting for every Hogwarts student.



The Pensive

A mysterious stone basin filled with shimmering memories. Dip your mind into its silvery depths and step into moments from the past where forgotten stories, secrets, and memories come to life.

We randomly chose some memories put into the pensieve to share.

I came in during my second trimester when I was pregnant with my son. It was a rough pregnancy and everyone here made me feel so special and relaxed. Best facial and massage.

We are celebrating my mom's birthday! We are drinking pumpkin juice & polyjuice potion to celebrate.

My favorite memory was going to disney world with my family, it was one of the funnest things ive done.

Getting to explore a spa for the first time in my life.

My wife and I came here right after our wedding, it was amazing. Love that you are still going strong!

Finding out my bestie was preganat at the last Harry Potter movie.

2018 when we took my daughter (family) to Disney World and we seen the castle. They were amazed. Best memories ever.

My favorite part was dressing up with my boyfriend and learning more about Harry Potter. Thank you for the amazing massages and kind hearted staff

Watching mom freak out that she just learned I was pregnant via spell and potion... After a long set of glances between jessica and I awaiting this perfect moment planned.

COMMON ROOMS

HAGRIDS HUT

Students attending Return to Hogwarts in 2025 had the opportunity to experience something truly magical with our VIP Experience!
Just outside the spa, guests stepped into a miniature version of Hagrid's Hut, specially created to transport them straight into the wizarding world.
Inside the cozy hut, students could relax and enjoy a magical pedicure experience surrounded by all the details that made Hagrid's home feel like it had been brought to life right outside our doors.
It was a little escape from the castle... and an experience our students won't soon forget.

SERENDIPITY TEAM

Bringing Return to Hogwarts to life each year takes a little magic from everyone!
A dedicated committee of six, along with contributions from our entire Serendipity team, works behind the scenes to create this magical experience.
From decorating and designing to creating every special detail, it truly takes our whole team to bring Hogwarts to life!
Months of planning, countless hours, and a whole lot of magic go into creating an experience our students will never forget.
