UNITED AUTO WASH

FLEET SERVICES

TIME IS MONEY. SAVE BOTH.

United Auto Wash has the easy, cost-effective solution to your fleet-washing needs.

Take advantage of controlled costs, bulk discounts (wash more, save more), and centralized billing.

Maintaining the appearance of fleet vehicles is a powerful branding opportunity. Clean vehicles project professionalism and attract customers. United Auto Wash makes it fast and easy to keep your fleet clean with a simple system in which per-wash costs go down the more vehicles you wash each month.

Don't pay employees to wash their work vehicles.

Pay one monthly bill based on that month's usage.

Save valuable time with fast, professional washes.

The more you wash, the more you save!

See how it works on the other side

Here's how it works:

- Simply choose your plan: Bronze, Silver, or Gold
- We assign a unique FLEET CODE for your business
- Supply your FLEET CODE to drivers
- Washes take just 3 minutes!
- At the end of the month, get a bill with per-wash fees that decrease based on wash volume
- YOU control the wash features; drivers can't over-purchase wash options

Why partner with United Auto Wash?

United Auto Wash has five neighborhood locations to serve you. We are *your friendly neighborhood carwash*!

Stow
884 E Steels Corners Rd.

Stow
1021 Graham Rd.
