

**INJEMIRA**  
BEEF GENETICS

*5<sup>th</sup> Angus  
Production Sale*

**TUESDAY, 26th AUGUST 2025**

**VIEW ONLINE VIDEO**  
[www.injemira.com.au](http://www.injemira.com.au)

**CARCASE FOCUS** ★

*Your Carcase Yield &  
Bull Longevity Program*

**55**

**Angus Sires**

Including 30 Specialist Heifer Bulls

**PREFACE:** This is the 5th Annual Injemira Angus Production Sale, and will be conducted at "Kiloran", Book Book via Wagga Wagga NSW. 18kms north of Hume Highway on the Wagga Tumbarumba Rd. Inspection 9.30am.  
Sale 1:00pm.

**INSPECTION:** We encourage buyers to inspect the cattle prior to the sale. This gives us an opportunity to assist in selection of the best genetics for your herd, and to show you the strength of our sires and breeding herd.

Contact Marc Greening at home on (02) 6928 1188, Mobile: 0411 043 039.

**WEIGHTS:** Will be available on sale day, or prior to the sale by ringing / emailing the Injemira office.

**PAYMENT:** Special arrangements can be made by contacting Injemira.

**ACCOMMODATION:** There are excellent Motels in Wagga Wagga, and we or the selling agents can make the necessary arrangements.

**TRANSPORT:** We can arrange your transport to and from Injemira, as there is an excellent air service to Albury and Wagga Wagga.

**BREEDPLAN:** We utilise and recommend Breedplan, which is a pedigree assessment of an animal's genetic merit. This is expressed as estimated breeding values (EBV's) and is measured in kilograms of liveweight.

ANGUS TRANS TASMAN CATTLE EVALUATION FOR JULY 2025								
CE DIR	CE DTRS	GEST	BWT	200	400	600	MCW	MILK
2.2	3.0	-4.5	3.9	52	93	120	102	17
SS	DTC	CWT	EMA	RIB	P8	RBY%	IMF%	DOC
2.2	-4.8	69	6.5	0.0	-0.2	0.4	2.5	2.1

**BULL SELECTION:** TACE provides the information required to make a considered selection for the sire suitable for your herd improvement, be it for growth, calving ease, milk, eye muscle area etc.

**THE BREEDPLAN SELECTION INDEXES:** This Index gives you a single EBV that reflect the value of an animal, to your breeding objective, in dollar terms. Each lot is expressed in the following format.

\$A	\$205
\$A-L	\$351

JULY 2025  
BREED AVERAGES

**AFTER SALES SERVICE:** We pride ourselves in the manner in which we look after our clients. Forming strong alliances can only enhance the product. Don't hesitate to contact us.

**BULL SOUNDNESS:** All the sale bulls have been examined by our vet, in accordance with industry best practice.

### SPECIAL ARRANGEMENTS FOR AUTUMN JOINERS

Injemira can retain those bulls purchased by Autumn joining operators until the bulls are required, free of charge. Payment would be 50% at sale time, with the balance payable on delivery. Contact Injemira to make arrangements.

*To be sure of a catalogue please bring this one to the sale*

## Welcome To Injemira in 2025

Injemira Beef Genetics is a family run and owned Poll Hereford & Angus seedstock business with genetics utilised to produce commercially orientated bulls for the Australian beef industry. In 2025 we will offer 55 Angus sires in our Annual Production Sale.

Our program is not your traditional stud business. Our breeding decisions are dictated by commercial reality and that alone. Many stud operations can claim this but at Injemira we do it ourselves.

In 2025 Injemira will turn off from grass ~2000 cattle in the form of Grass Fed Steers and Heifers and Live Export Breeding Females along with PTIC females for a July calving. With pedigrees analysed for "real world" performance and this analyses directs our breeding decisions for the upcoming stud breeding season.

This vertical integration with the commercial performance driving our stud herd not only enables us to offer bulls that we know will perform but it also allows Injemira to give relevant feedback to repeat clientele to give them the most desirable genetic package. "Seedstock production is not selling a bull, it's selling a complete program".

The Injemira stud herd consists of 350 registered Poll Hereford and 250 Angus stud breeders with a program of not culling any heifers. Natural selection does this for us. All females have to calve naturally before 2 years of age and rebreed to calve again at the age of 3. If any female does not do this she is culled.

This stringent commercially orientated program is why Injemira can offer to the industry ~100 Angus bulls annually from only 250 stud females.

The Injemira drop is very consistent with each bull being highly predictable genetically. We see in our industry far too often seedstock herds with large numbers of registered females selling relatively small numbers of bulls, you only get to see the top of the drop. At Injemira you will basically see the entire drop giving you the confidence that your "genetic package" will breed to a consistent level.

## 2025 - The Year So Far

**Stud:** It is extremely exciting and rewarding to offer to the industry our Angus Bull drop through our 5th on property auction. We have been breeding Angus Bulls for 11 years and have developed a breeding program very similar to that of our highly successful Poll Hereford program.

We made the move to incorporate Angus into our program as we saw a gap in the market for the program we have and the type of Angus bulls we want to breed with very strong emphasis on structure and carcass yield.

Our Annual Poll Hereford Bull production sale in February 2025 was extremely strong with Injemira setting a new breed record for average price and overall sale gross for the breed. We are very excited that the Angus bulls on offer are very similar in type to that of our Poll Hereford bulls, only a different colour.

We have seen numerous new industry leading sire lines come through in our 2025 Angus sale bulls.

**Commercial:** The Injemira blood commercial steers/heifers both Angus & Poll Hereford performed well with the early maturity patterns enabling bodies to hit the premium 'Grass' branded programs of Southern Australia.

At Injemira our premium market for steers and heifers 'Coles Graze' was a great marketing outlet taking Grass fed Injemira blood for what is the industries premium market. The steers that got too heavy for the Coles market went to JBS's Great Southern brand which was an exceptional outlet for the heavier bodies.

Again the British bred steer/heifer from our genetic base is proving to be perfectly suited to the grass fed industry which is currently the jewel of the Australian domestic & export industry.

**Industry:** Injemira's MSA Index for over 1600 bodies was a fantastic 61.7 putting Injemira in the top 10% of the entire industry. Gone are the days of producing huge growth cattle that don't finish until 3y/o on grass, we need early maturity patterns with the ability to finish off grass as a milk tooth animal.

We need to concentrate on areas that we will be paid on in the future and that is my job as a seedstock producer to provide this, I cannot stress highly enough that this is CARCASS YIELD & CARCASS QUALITY and that is what gets you an MSA Index in the top 10% of the industry.

## Quality Assurance At Injemira

Rest assured every step has been taken to offer the commercial buyer a disease free sire that will enhance your female herds reproductive rates.

- All Bulls Pesti Virus Vaccinated
- All Bulls 7 in 1 Vaccinated
- All Bulls Vibrio Vaccinated

---

## Pesti-Virus Assurance

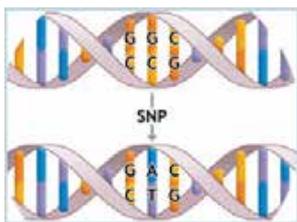

All bulls tested Negative in 2025.

Pesti virus is a problem for southern cattle breeders, that in the whole has been left untreated due to the complex nature of not only the clinical symptoms but also the complex viral spread.

In 2009 Injemira took advantage of new technology by implementing an 'ear notch' test that identifies all persistently infected (PI's) within a herd. Along with the 'ear notch' test, Injemira has continued with our vaccination and maiden heifer exposure programs that we have been implementing for the past 15 years.

---

## Genomic Utilisation in 2025

- All Bulls have been fully parent verified.
- All Bulls have been SNP (Single Nucleotide Polymorphism) tested to Genomically enhance breeding prediction values.
- Results have been incorporated into the 2025 catalogue EBV's.

---

## Birth Weight Measured At Injemira

Heifer Bulls Marked with an H

At Injemira we record all calves at birth. You will notice that in the catalogue a number of sires have been marked with an H this indicates that we consider this sire suitable for a heifer joining program. This recommendation has come from not only a structural observation but a Breedplan EBV and actual birth weight analysis.

Many other studs in our industry do not offer this to their clients and don't weigh any or only a few calves. They claim that a bull with low performance (600 day weight) will also have a low birth weight. We all know this is not the case!

At Injemira we strive to achieve an animal with low to moderate birth weight and increased growth which can be seen by analysis of the sires catalogued.

# Conditions of Sale

1. Subject to any reserve price, the highest bidder shall be the purchaser.
2. In the event of a dispute bid the auctioneer shall be the sole arbitrator and his decision shall be final.
3. The auctioneer may refuse to accept any bid which in his opinion is not in the best interests of the vendor without giving any reason therefor.

No person shall be entitled to bid unless, prior to the commencement of the sale, he has made arrangements satisfactorily to the auctioneer for the payment of any stock which he may wish to purchase.

4. Where the vendor reserves the right to bid at the auction in respect of a lot and instructions the auctioneer to make more than one bid on his behalf, the auctioneer shall, prior to submitting the lot for sale by auction, announce in a clear and precise manner the number of bids reserved by the vendor in respect of that lot.
5. A bidder shall be deemed to be a principal unless, prior to bidding he has given to the auctioneer a copy of a written authority to bid for and on behalf of a person.
6. As soon as practicable after the fall of the hammer, the purchaser shall sign the agreement (if any) for sale. In the event that any lot is passed in unsold the highest bidder shall have the right of first refusal of the lot for one hour after the stock comprising such lot has passed out of the sale ring.
7. Subject to anything specifically to the contract contained in either clauses 16 or 17 hereof, the purchase money for stock agreed to be purchased shall become payable and responsibility for such stock shall be borne by the purchaser. All stock shall be paid for in cash before delivery and notwithstanding, the auctioneer may require a purchaser at any time either before, during or after the sale to deposit with him the whole or any part of the purchase money.
8. Title to stock agreed to be purchased shall not pass to the purchaser until the full purchase money for same has been paid and in the event of delivery being made to or possession obtained by the purchaser or his representative prior to payment of all of the purchase money or any cheque given on account of same and the purchaser shall hold the stock in trust as bailee only for the vendor and (notwithstanding anything herein to the contrary) no property therein shall pass to the purchaser, who shall nevertheless be responsible for the safety thereof from the fall of the hammer and until such time as the purchase money is fully paid and shall not deal with the stock in any way whatsoever inconsistent with the title of the vendor.
9. Notwithstanding the giving of delivery or possession of stock sold, the vendor or his agent shall be at liberty to repossess the same at any time while the purchase moneys remain unpaid and for that purpose to enter upon lands or premises of the purchaser and if the purchaser shall neglect or fail to comply with any of these terms and conditions, any stock knocked down to him may be resold by public auction or private contract in such lots and such manner as the agent of the vendor may decide, with or without notice, at the purchaser's risk, who will be held responsible for all loss and expense arising out of any such resale and who agrees to indemnify the vendor and the vendor's agent with respect thereto and shall not participate in the profit (if any) accruing therefrom.
10. The right of the vendor to make not more than five bids is reserved.
11. All conditions and warranties expressed or implied by law (including those implied by statute, but excluding such expressed or implied warranties which may be imposed upon the vendor, pursuant to the provisions of the Trade Practices Act 1973) are hereby excluded and subject as aforesaid all lots are sold with all faults or imperfections, if any, whether the same may be discoverable on inspection or not and no compensation shall be made in respect of any such fault or imperfection or any error of description or number in or of any lots sold or otherwise and no representation made by the auctioneer at the time of the sale shall bind the auctioneer or the vendor.
12. Any statement made by the vendor the auctioneer or the nominated selling agents, whether in writing or oral, to the effect that any female has been pregnancy tested and is pregnant shall mean and require only that a certificate in writing shall be furnished by the vendor to the purchaser, which shall be signed by a qualified veterinary surgeon certifying that he has pregnancy tested the said female on a date specified and that in his opinion the female was pregnant on that (being a date not more than six weeks preceding the date of sale).
13. No refund of commission will be made to the vendor by the selling

agent on any sale cancelled after delivery has been made.

14. The auctioneer and selling agents shall be considered only the agents of the vendor and in all disputes the vendor and the purchaser must adjust the matter between themselves and not lot shall be returned to the auctioneer or to the selling agent.
15. Subject as may be otherwise notified herein, the selling agents are selling as del credere agents for the vendor and accordingly the full purchase price of each lot shall be payable by the purchaser to, and be recoverably by, the selling agents.
16. Attention is directed to the provisions of the Auctioneers, Stock & Station & Real Estate Agents & Business Agents, 1941-1957, and also to Sections 178B and 178C of the Crimes Act, 1900, and in particular to the material parts of Sections 45 and 85C of the Auctioneers and Agents Act, 1941-1980, warning as follows:

#### Section 45:

It is an offence against the Auctioneers and Agents Act, 1941, for any person to engage in, or to induce or attempt to induce another person to engage in, any collusive practice which may hinder free and open competition at an auction sale, whether by:

- (a) restricting the bidder,
- (b) abstaining from bidding; or
- (c) any other activity which may hinder free and open competition.

#### Section 85C:

The actual successful bidder at an auction sale must give to the auctioneer or an employee of the auctioneer on the day of the auction his name, or where he acts as an agent, the name of his principal. It is an offence not to do so.

#### 17. Sale Subject to Veterinary Testing:

Notwithstanding the provisions of clause 7 hereof and subject to any express agreement of the contract between the vendor and the purchaser prior to sale, the sale of any stock shall be subject to that stock passing such veterinary test or tests as may be necessary to enable the stock to be transported to such destination as may be required by the purchaser. The purchaser shall bear the risk and responsibility for such stock as may require veterinary testing immediately upon the satisfactory completion of such testing at which time the purchase money for same shall become immediately payable. In the event that such tests are not satisfactorily concluded, the sale shall be deemed not to have taken place and neither party shall have any claim for damages or compensation of any kind whatsoever against the other. The costs of all tests shall be borne by the purchaser upon such tests being satisfactorily concluded and otherwise by the vendor.

#### 18. Export conditions:

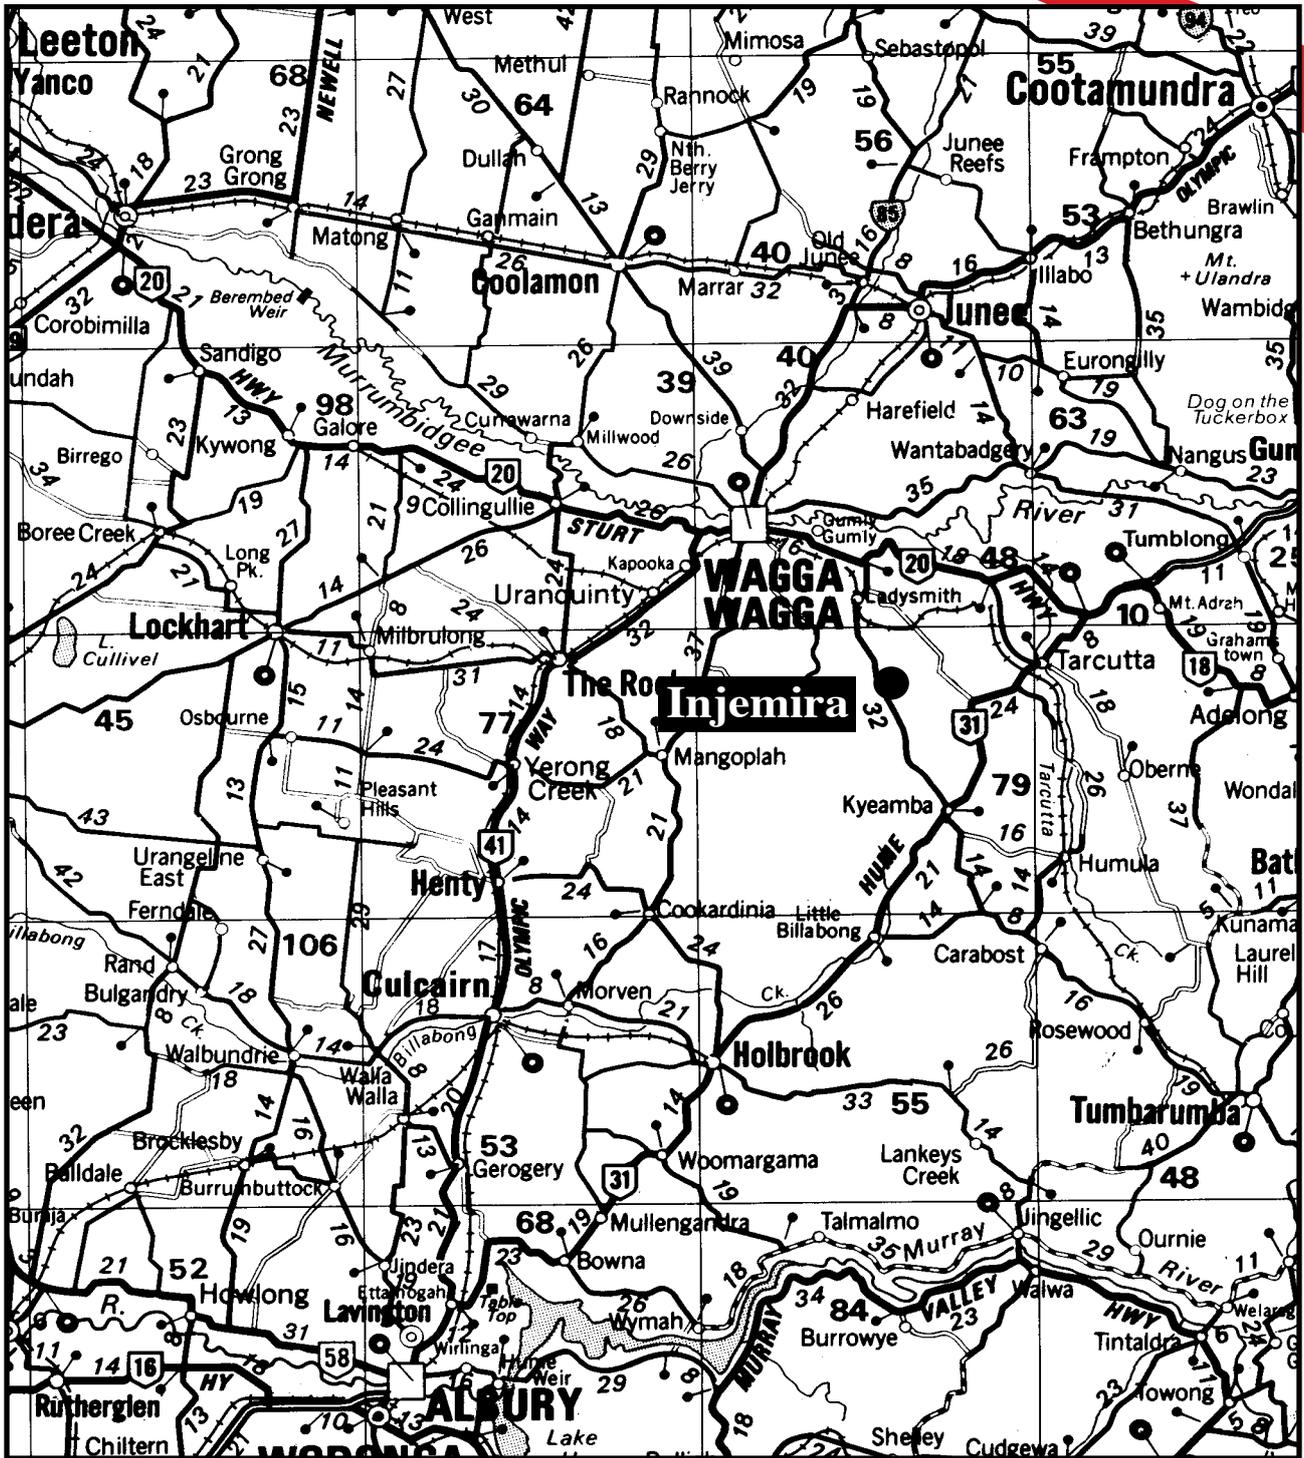

Notwithstanding anything else herein contained, all stock offered and purchased for export overseas shall be sold subject to their passing such veterinary tests, including fertility, as may be required by the country to which such stock are to be imported. The vendor or his agent shall arrange for the appropriate veterinary tests to be carried out as soon as practicable after sale, provided that all costs in relation to such tests shall be borne by the purchaser. All risk and responsibility for such stock shall pass to the purchaser immediately upon the satisfactory conclusion of all such tests, at which time the purchase price shall immediately become payable. In the event of failure of any requisite tests a sale shall be deemed not to have occurred and the stock shall be returned to the vendor and all costs associated with the sale, including veterinary costs, shall in such case be borne by the vendor. Should the purchaser fail to take delivery within three months from the date of the auction sale for whatsoever reason the vendor shall be entitled to cancel the sale and shall bear and pay all costs associated therewith.

19. Notwithstanding any agreement, custom, rule or usage relating to the liability of agents to principals in respect of payments for stock sold at auction, if any stock shall be sold to a purchaser normally resident outside Australia, or to another person acting on behalf of such a purchaser, the agent shall not be liable to pay to the vendor the proceeds in respect of such sale unless and until the agent shall have been paid in full by the purchaser. In the event of such stock being resold pursuant to the conditions of sale, the agent shall not be liable for any resulting deficiency or loss.

**Disclaimer:** Injemira and Thomson's Graphipress do not give any warranty as to errors or omissions, if any, particulars throughout the catalogue which they believe to be accurate when completed. Prospective purchasers should satisfy themselves by enquiry or inspection to the accuracy.
