Calla Lily White

Calla Lily Yellow

Abutilon Lucky Lantern Passion

Abutilon hybrida
Part sun to shade 12"x12". Large, watermelon pink, bell-shaped flowers. Appreciates afternoon shade.

Ageratum Monarch Magic

Ageratum Houstonianum
Full sun to light shade 18"-3' tall. Light purple, disk shaped flowers. Foliage is wide, heart-shaped. Great butterfly plant!

Alternanthera Brazilian Red Hots

Alternanthera dentata
Full sun – part shade 10-12"x 18-20". Stunning bright pink foliage that is slightly variegated. Loves humidity and can be heat tolerant.

Alternanthera Little Ruby

Alternanthera dentata
Full sun – part shade 8-10"x 18-20". Deep burgundy foliage is enhanced by lighter colored new leaves, spreading plant.

Alternanthera Party Time

Alternanthera dentata
Partial sun 12"x12". Green and pink foliage interest. Great low maintenance plant.

Angelonia AngelFlare Black NEW!

Angelonia angustifolia
Sun 8-12"x12-18". This new Angelonia has an open, V-shaped habit that stands out in combinations. With a never-before-seen color. Ideal for combos with other heat-loving items, like lantana and cuphea.

Aptenia Baby Sun Rose
Aptenia Cordifolia Variegata
Full sun. This plant offers succulent glossy green leaves with a vigorous, dense trailing habit of 4-6" tall and 12-14" wide. Red flowers bloom in spring and summer, opening during the day and closing at night for a few days each.

Argyranthemum Beauty Yellow

Argyranthemum frutescens
Sun 18-24" tall. Bright yellow that screams spring and pops in any container or landscape.

Asparagus Fern

Asparagus aethiopicus
Part shade to part sun 1-2'x2-3'. Fine foliage leaves that are an attractive green in shade.

Banana

Musa sumatrana
Full to part sun 6-8'. Green leaves with burgundy wine colored markings on the top and red beneath; does well in containers where it will stay smaller, and in the garden.

Basket Grass Variegated

Oplismenus hirtellus
Full sun or shade 6-10"x18-24". A spreading foliage plant with accents of pink.

Brugmansia Peach Parfait - Variegated

Brugmansia candida
Sun 6-10' tall. Broad variegated foliage contrasts nicely with the nodding peach blooms. Fragrant at night!

Begonias

Amstel Blitz Yellow
Begonia hiemalis
Shade 12"x9". Abundant bright yellow blooms, perfect for shade containers and beds.

Dragone Dusty Rose
Begonia hiemalis
Shade 12"x9". A bright pink begonia that will light up the shade landscape and containers.

Amstel Carneval
Begonia hiemalis
Shade 12"x9". A mix of peach colored blooms edged in darker orange. Great color for shade.

Dragone Sunset
Begonia hiemalis
Shade 12"x9". A subtle but warm color that pairs well with most shade plants.

Amstel Dark Britt
Begonia hiemalis
Shade 12"x9". If you want a deep orange color, 'Dark Britt' is the begonia for you. It has a warm pleasing color.

Angel Wing Torch Pink
Begonia Torch Pink
Full sun, can grow up to 4'. Great for hanging baskets.

Amstel Netja Dark
Begonia hiemalis
Shade 12"x9". A darker shade of pink with multiple blooms.

Angel Wing Frosty
Begonia frosty
Part shade to sun 7-9" tall. Shiny, smooth and ovate bronze leaves, great in containers or landscape.

Amstel Veronica
Begonia hiemalis
Shade 12"x9". A pleasant double red begonia bloom.

Angel Wing Looking Glass
Begonia coccinea
Light shade 18-24" tall. A smooth textured plant with silver gray foliage, with dark pink under the leaves.

Dragone Champagne
Begonia hiemalis
Shade 12"x9". Light pink color with multiple blooms throughout late spring and summer.

Angel Wing Miss Mummy
Begonia coccinea
Light shade 18-24" tall. This beauty has pink and silver foliage. Great in shade combinations.

Begonias Continued

Angel Wing My Special Angel

Begonia tuberosa
Shade 18" x 24". Large angel wing shaped leaves covered in silver spots.

Escargot

Begonia rex-cultorum
Part shade to shade 12-16" tall. Spiral leaves resemble snail shells.

Birthday Bash Cotton Candy

Begonia hybrida
Full shade to part sun 12-18". Vibrant, double flowers in great colors. Dark chocolate foliage. Graceful trailing habit, ideal for hanging baskets.

Gryphon

Begonia hybrida
Part sun 14-16" x 16-18". Nicely fills landscape plantings. More tolerant of stressful conditions.

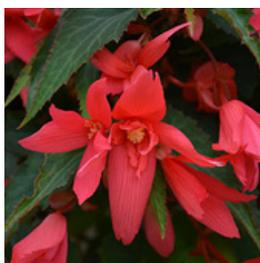

Bossa Nova Orange

Begonia boliviensis
Sun to part shade 12-16" x 16-20". Great for containers and landscapes.

Rex Non Patented

Begonia rex-cultorum
Assortments include (if available): Spirit of Bali, Spirit of Flores (Fireworks), Spirit of Kwale, Spirit of Laccadive, Spirit of Sumatra

Bossa Nova Rose

Begonia boliviensis
Sun to part shade 12-16" x 16-20". Great plant all year. Likes hot and dry conditions. Prolific bloomer.

Rex Patented

Begonia rex-cultorum
Assortments include (if available): Jurassic Series, Rivulet Series, Shadow King Series

Bossa Nova White

Begonia boliviensis
Sun to part shade 12-16" x 16-20". A well branched plant that looks awesome in containers or landscape.

Trailing Brazilian

Begonia incarnata
Shade to sun 6" x 18". Trailing Begonia with attractive dark colored leaves. Small white flowers will appear, but are not showy.

Dragon Wing Red

Begonia hybrida
Part shade to shade 14-18" tall. Heat tolerant plant that blooms all season. Great in containers or landscape.

Trailing Fragrant Falls Peachy Keen

Begonia fragrant falls peach
Part shade. 8-12". Citrus fragrance. Great for containers or landscape.

TRAIL NURSERIES 'PLANTS FOR PLANTERS' PREFINISHED PROGRAM

Overview

Product: 'Plants for Planters', is a collection of premium annuals and choice vegetables. The annuals are proven to be useful in combination planters and landscape plantings. We use our best horticulture judgment to grow the best, brightest, and most interesting in the annual category.

Product detail: The annuals are grown in 4.5" round pots. We put in enough cuttings, plants, or bulbs to make full pots when finished. The vegetables are grown in 4" square pots. Proven Winner pots are grown in a 4.5" round PW branded white pots packed 8 per tray. Banana plants are grown in 6" round pots packed 6 per flat.

Timing: The prefinished plants are scheduled to finish in April and May for prime sales, 4 to 5 weeks after delivery. This is not an exact science, so no claims are made as to size or degree of flowering. We finish warm (62 to 64 degree nights). Growing below 60 degree nights will delay the crops. All Caladiums will have 6 weeks of growing time- the foliage will just be emerging at the time of delivery.

Packing: The annuals are pre-spaced in a flat that holds 8 pots upright. The vegetables are in a flat that holds 18 pots upright. The Proven Winner pots are also packed in a flat of 8 pots. Bananas are packed in a flat of 6 pots.

Substitutions: Minor substitutions (such as a different color within a variety or species) will be made within categories, if necessary.

Labeling: Each pot will have a tag with the plant name and short description. Pots are labeled to meet labeling requirements of volume and producer name.

Minimum Order: The minimum order is 30 flats total for truck delivery, approximately 1 full cart. All orders must be placed as full flats.

Price: All plant categories are priced as required based on input costs.

DISCOUNTS AND SHIPPING

EARLY ORDER DISCOUNT: If ordered by Friday, October 3, 2025 you will receive a \$1.20 per flat discount on 4.5" flats. If ordered by Friday, October 3, 2025 you will receive a \$.60 per flat discount on 6" flats.

NO DISCOUNT: Orders placed on or after Saturday, October 4, 2025 will be at list price. No exceptions!

ORDERING DEADLINE: NO PREFINISHED ORDERS WILL BE TAKEN AFTER NOVEMBER 28, 2025.

SHIPPING TERMS: The flats of 8 plants will be delivered by our truck on carts with 30 flats average per cart. Delivery cost is \$180.00 per stop in our local area of 60 miles. After 60 miles, the delivery charge is outlined below. Mileage is determined using Mapquest from our address at 4912 Harmony Grove Rd. Dover, Pa 17315 to the customers' full address.

Four main shipping dates are available in 2025:

Week 10 (Mar. 1), Week 11 (Mar. 8), Week 12 (Mar. 15) – Long Island, Week 13 (Mar. 22) - New England Only.

Deliveries to the Pittsburgh, PA area will be Week 12 ONLY.

Deliveries to the Hartford, Connecticut area will be Week 13 ONLY.

Deliveries to Long Island, NY will be Week 12 ONLY.

Customer pick up is available ONLY on Monday or Saturday of the shipping week.

Shipping Charges Based on Miles and # of Carts

<u>Miles</u>	<u>Drop Charge</u>	<u>Mileage Charge</u>	<u>1-8 Carts</u>	<u>9-16 Carts</u>
0-60	\$180	No charge	No charge	No charge
61-199	\$180	\$1.40 per mile after 60 miles	No charge	No charge
200-250	\$350	No charge	\$75	\$70
251-300	\$420	No charge	\$90	\$85
301-350	\$490	No charge	\$105	\$100

We reserve the right to add a fuel surcharge based on rising fuel costs.

CLAIMS: We are committed to shipping your orders on time and in excellent condition. In the unfortunate event that weather or mishandling damages the plant material, these procedures will be followed:

Transit damage must be reported within 24 hours of delivery. Credits will not be issued for damage reported after 24 hours.

Quality or shortage claims must be reported within 48 hours of order receipt. Credits will not be issued for quality or shortages reported after 48 hours.

Photos or digital images will be required to process any claims.

Truck Deliveries: Please review your paperwork and plant quality at the time of delivery. Concerns or shortages need to be noted in writing on the acknowledgement before signing for plant material. Credits will not be issued if discrepancy is not noted at time of delivery.

Customer Pickup: Please review your paperwork and plant quality prior to leaving Trail Nurseries. Concerns or shortages must be noted on the acknowledgement before signing for the plant material. Credits will not be issued if discrepancy is not noted at time of pick up.

Orders not picked up are subject to cancellation and will be charged in full to customer.

Citronella Disclaimer - Due to the lack of commercially available, clean, citronella stock we propagate and grow our own Citronella plants. Citronella has been known to be infected with "leafy gall" (*Rhodococcus fascians*) and we are currently selecting mother stock that does not show symptoms. However, this is no guarantee that the plants are bacteria free. We have instituted higher sanitation practices for our mother stock and propagation and keep them separate from all other propagation. If at any time symptoms appear, including at time of shipping, plants will be discarded and not shipped. When purchasing Citronella from Trail, it is at YOUR OWN risk. We will do our best to eliminate symptomatic plants, but once you have received our plants, please notify us within 24 hours to claim any material. No additional claims after 24 hours will be honored.

Failure to notify Trail Nurseries of claims within the above time frames will result in automatic denial of claims.
