2,120kg

This is equivalent to **7,571 miles** driven in a car achieved via office furniture reuse

ESTIMATED COST SAVING

£7,400

This is your total cost saving when compared to brand new equivalent

FURNITURE SAVED FROM WASTE

51

By choosing refurbished and refurbishment over new, you've kept furniture in use, out of landfill, and saved money in the process. That's what circular economy looks like in practice.
