

Welcome to Coggin SOS

Sustainable Workspaces Made Simple

At Coggin SOS, sustainability isn't just a goal – it's the obvious choice. Whether you're refurbishing your existing pieces, saving furniture from landfill with smart recycling, or looking to buy quality refurbished furniture, we're here to help make those smart choices work for both your budget and our planet.

A person with a tattooed arm and a Coggin t-shirt is working on a desk in a workshop. The person is wearing a dark blue t-shirt with the Coggin logo and the text 'SUSTAINABLE OFFICE SOLUTIONS' on the sleeve. They are using a power drill to work on a desk. The background shows a workshop environment with a fire extinguisher and wooden panels.

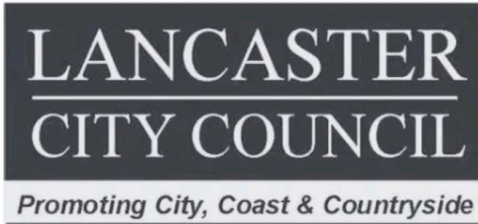

Your Heritage Partner Since 1989

When David Coggin first started helping Lancashire businesses save money through quality used furniture in 1989, he recognised something fundamental – your business needs practical solutions that make sense for both your budget and values. Now led by his son Sam, we've grown into your nationwide partner for sustainable office solutions, transforming workspaces across the UK from our facility in Preston.

Putting Your Sustainability First

Your business faces growing environmental challenges, from rising waste concerns to increasing stakeholder expectations. We've built our entire service around helping you meet these challenges head-on.

Trusted By:

What we do at Coggin SOS

We help you optimise your workspace with smart, sustainable furniture solutions. We provide affordable options with sustainability in mind.

How We Do It

Through our three core services: recycling your old furniture, refurbishing existing pieces, and offering replacement second-hand furniture.

Why We Do It

We help your business save money, reduce waste, meet your ESG goals, and collectively build a sustainable future.

Why Choose Us As Your Sustainable Office Furnishing Partner?

Smart Savings

Save money without sacrificing quality. Enjoy affordable, professionally refurbished office furniture – the same items and brands, just an eco-friendly alternative.

Trusted Excellence

Our sustainable office solutions deliver measurable ESG results, showing stakeholders your genuine commitment to environmental leadership.

Conscious Choice

Join the movement toward a greener future. With our zero-landfill commitment and focus on reuse, your business can thrive while protecting the planet.

Hassle-Free Setup

Experience hassle-free transitions. Our dedicated team handles everything from collection to refurbishment. Quick and simple.

Our Core Services:

Recycle Your Office Furniture

Clear your old office furniture responsibly, with a zero-landfill guarantee, and maximum material reuse – ensuring everything is recycled.

How It Works:

- 1. Fill in our free site survey
- 2. We clear your office
- 3. We recycle
- 4. Receive a savings report & certificate

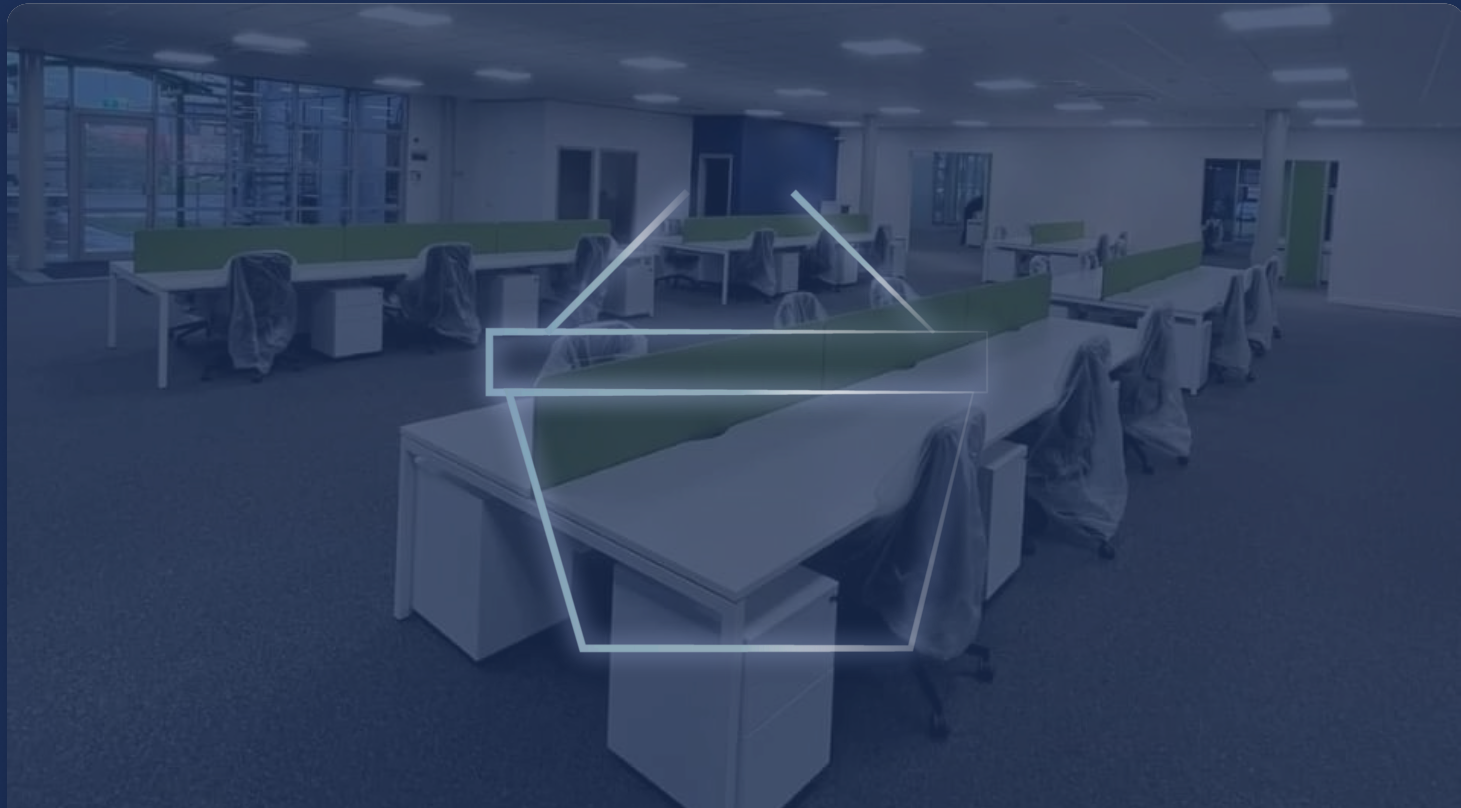

Refurbish Your Office Furniture

Give your office furniture a new life with professional refurbishment – cutting replacement costs and reducing your carbon footprint.

How It Works:

- 1. We collect your furniture
- 2. We refurbish
- 3. We return
- 4. Receive your savings certificate

Furnish Your Office

Shop quality second-hand office furniture at a fraction of the cost. From chairs to full office setups, we provide you with top brands for less.

Every piece we provide:

- Saves you up to 80% compared to buying new
- Includes a 12-month warranty
- Provides ESG documentation
- Maintains premium brand quality

Who Are Our Solutions For?

Small & Medium Businesses

We understand that managing a small or medium business involves careful budgeting. Whether you're starting fresh or have an established office, our second-hand office furniture helps you save money while making environmentally conscious choices.

Public Sector

Demonstrate your commitment to the environment and public welfare with our tailored Public Sector Solutions. We provide sustainable services for every step, from acquisition to disposal, helping you maintain your values throughout the process.

Corporate Businesses

Enhance your workspace with our Corporate Solutions, featuring second-hand office furniture purchases, eco-friendly refurbishments, and responsible clearances. Commit to a greener future while meeting your business needs.

Education Sector

Whether you're starting a new project or improving an existing space, we understand the importance of spending wisely. Invest in our second-hand office furniture to save money and create a better learning environment.

Partners

Partner with us to elevate your client offerings through our sustainable office solutions. Whether you're a fit-out company, removal company, or Facilities services, our eco-friendly furniture services complement your expertise while strengthening your environmental credentials.

Refurbish Your Existing Office Furniture

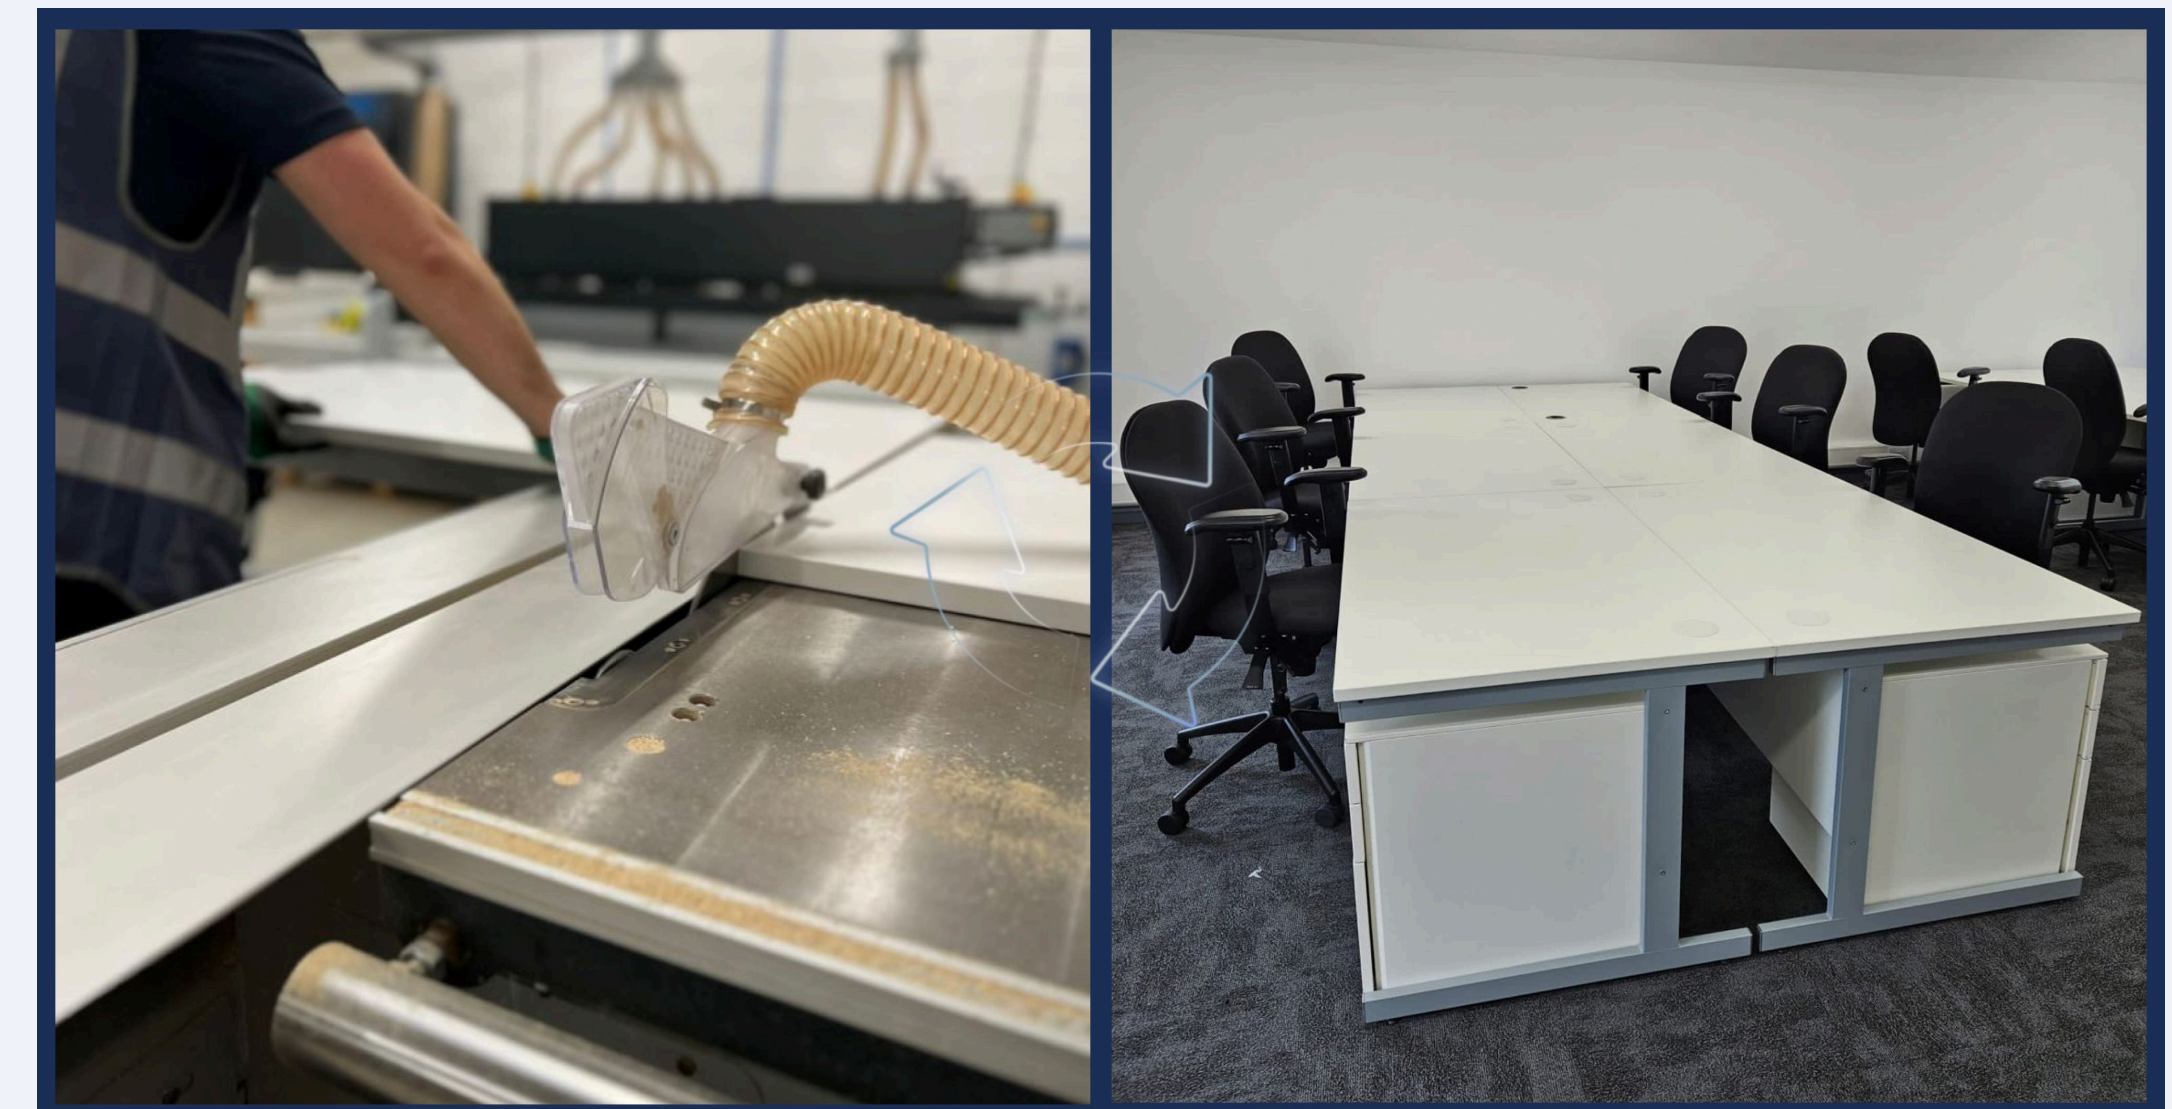

Our refurbishment service brings your chairs, desks, and storage back to life – saving you up to 80% compared to buying new.

Office Chair Refurbishment

- 100s of fabrics to choose from
- Broken components replaced
- Added 12 month guarantee

Office Desk Refurbishment:

- Resize and reshape your desks
- Replace your desk tops with a new finish
- Respray the framework
- Added 12-month guarantee

Recycle Your Old Office Furniture

Need to clear your office furniture? We're on a mission to save every piece from landfill.

We believe that doing the right thing for the environment should be simple.

When you choose to recycle with us, we ensure that none of your old furniture ends up in landfill. We work alongside your facilities management and removal teams to handle everything smoothly- making recycling the obvious, and sustainable, choice for your old furniture.

When you choose to recycle with us, we ensure that none of your old furniture ends up in landfill. We work alongside your facilities management and removal teams to handle everything smoothly- making recycling the obvious, and sustainable, choice for your old furniture.

How it Works

1. Fill in our free site survey

This helps us understand your needs and plan for the best way to recycle your furniture.

2. We clear your office

Our dedicated team will come to your office and take away your unwanted furniture.

3. We recycle

Instead of sending your furniture to a landfill, we make sure it's either refurbished or 100% recycled.

4. Receive a savings report

To share your green credentials, you'll receive a savings certificate and report, along with a 12-month warranty for a peace of mind.

We Help You Prove Your Sustainable Impact

Every sustainable choice you make with us is captured in your savings certificate. This powerful document shows:

How many items you've kept from landfill

How much money you've saved compared to buying new

Material recycling rates

Your carbon savings

Use this certificate to show customers, staff and stakeholders that you're serious about sustainability, strengthen your tender applications, and prove your green credentials. Your certificate turns your smart furniture choices into a valuable business asset.

Zero-landfill Office Clearance

We believe in complete transparency in our office furniture clearance. Our detailed reports show you exactly how each piece of furniture is handled – whether reused, donated to our charity partners, or sustainably recycled at our facility.

You'll receive a full breakdown of your furniture's journey and environmental impact, from collection to final destination, giving you confidence in your sustainable choice.

Materials Processing

Our facility repurposes office furniture with specialists checking each item for reuse. If something can't be reused, we recycle it responsibly by separating materials, helping reduce waste and support a sustainable future.

Making Sustainability Work

Our Project With One of The Largest UK Banks and Harrow Green

The Challenge

When one of the UK's largest banks wanted to refresh hundreds of office chairs, they made a smarter choice. Working with our partner, Restore Harrow Green, we transformed over 200 existing Steelcase Reply chairs through expert refurbishment.

The Win

By saving furniture from landfill while meeting exact specifications and quality standards, we helped deliver a sustainable solution that ticked every box. The bank got chairs that looked and performed like new, while dramatically reducing both costs and carbon footprint.

The Impact

By choosing refurbishment over replacement, the Bank achieved:

Carbon savings of **13,965 kg** enough to power **4** UK homes for a year

Cost savings of **£76,950** compared to buying new

Quality that matched brand new furniture at a fraction of the cost

Working Together

At Coggin SOS, we make sustainable office furniture solutions straightforward. You'll have one point of contact, transparent pricing, and clear communication throughout your project. From your initial needs to documenting your cost savings and environmental impact, we handle everything while you focus on your business.

Let's discuss how we can help transform your workspace sustainably.
