ADMISSION REQUIREMENTS

An applicant requesting admission to Florida Barber Academy must fulfill one or more of the following requirements to be considered for acceptance regardless of the method of delivery of the programs. The institution's admissions requirements offer reasonable expectations for successful completion of all programs offered regardless of the method of delivery. All completion requirements for each program are clearly stated within the catalog.

- A. All applicants must be at least 16 years of age and have a high school diploma, general equivalency diploma, or its equivalent as required by the State of Florida, State issued Identification or Driver's License and United States Social Security Card. Previous education, training, and experience must be disclosed on the student information sheet, which will become part of the student's file. Prospective students with foreign high school credentials that wish to enroll at Florida Barber Academy should have their credentials translated and evaluated for their U.S. equivalency. The Nail Technician, and Facial Specialist programs do not require students to have a high school diploma, general equivalency diploma, or its equivalent or taking and passing an ATB approved test.
- B. The applicant is to schedule an appointment with an Admissions Representative. The interview is to answer any questions an applicant may have, discuss the course requirements, contents, and determine the student's reason for application to Florida Barber Academy and to sign the enrollment agreement between the applicant and the school. If a parent or guardian is accepting responsibility, he/she must be present at the interview.
- C. A student who attended an eligible program at a Title IV institution prior to July 1, 2012, may be able to establish eligibility at the same Title IV institution or a different Title IV institution under the guidelines provided by the Federal Student Aid office. These applicants must meet the grandfathered clause under Gen12-09, to be accepted at Florida Barber Academy on the basis of documentation from the National Student Loan Data System that states that they previously received Title IV aid or provide a transcript or other documentation from a previous institution that demonstrates that the applicant was enrolled or attended an eligible program at a Title IV institution or passed an approved ATB test.
- D. For Active-Duty military and Veterans students, the DD Form 214 Certificate of Release or Discharge from active duty may serve as an alternative documentation to verify a student's high school graduation if it indicates that the individual is a high school graduate or equivalent.
- E. Florida Barber Academy admits students of any race, color, nationality and ethnic origin to all the rights, privileges, programs and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, sex, gender, gender identity, disability, national and ethnic origin in administration of its educational policies, admission policies, scholarship, grants or loans and other school administered programs.

The President reserves the right to deny entrance to any applicant that displays the lack of ability or character necessary to complete the program. Once all requirements are completed, the school will inform the applicant of their acceptance.

VETERANS TRAINING

Florida Barber Academy is approved for Veterans Educational Benefits by the State Approving Agency. All VA approved programs are only available via a Traditional modality. Veterans may complete an application either at the school or the Veterans Administration.

VETERAN'S ATTENDANCE POLICY

Excused absences will be granted for extenuating circumstances only. Excused absences must be substantiated by entries in students' files. Early departures, class cuts, tardiness, etc., for any portion of a class period will be counted as an unexcused absence.

Students exceeding 20% unexcused absences in academic term will be terminated from their VA benefits for unsatisfactory attendance. The student's attendance record will be retained in the veteran's file for USDVA and SAA audit purposes.

STANDARDS OF ACADEMIC PROGRESS FOR VA STUDENTS

Students receiving VA educational benefits must maintain a minimum Cumulative Grade Point Average (CGPA) of 2.0 each evaluation period (term, quarter, semester, evaluation period, etc.).

A VA student whose CGPA falls below 2.0 at the end of any evaluation period (term, quarter, semester, evaluation period, etc.) will be placed on academic probation for a maximum of two consecutive terms of enrollment. If the VA student's CGPA is still below 2.0 at the end of the second consecutive term of probation, the student's VA educational benefits will be terminated.

A VA student terminated from VA educational benefits due to unsatisfactory progress may petition the school to be recertified after attaining a CGPA of 2.0.

VETERAN CREDIT FOR PREVIOUS EDUCATION OR TRAINING

Veteran students must report all education and training and submit all requested documents for review and evaluation so that a final determination can be made within three (3) days of the student's program start date. Notification of this evaluation will be placed in the student's VA file. The school will evaluate and grant credit, if appropriate, with the training time shortened, the tuition reduced proportionately, and the VA and student notified. Any credit awarded will be posted to the student's academic record as Transfer Credit. The President has final decision on acceptance of previous training or experience.

VETERAN SATISFACTORY PROGRESS

Veterans are subject to the standards for Satisfactory Academic Progress, listed in this catalog under, "Satisfactory Academic & Attendance Policy." Early departures, class cuts, tardiness, etc., for any portion of a class period will be counted as one absence. Students exceeding 20% total absences in a calendar month will be terminated from their VA benefits for unsatisfactory attendance. In order to show that the cause of unsatisfactory attendance has been removed, students must show good attendance (as defined) for one calendar month after being terminated for unsatisfactory attendance. After such time, the student may be recertified for VA education benefits. The student's attendance record will be retained in the veteran's file for USDVA and SAA audit purposes. All VA students called to active duty will have the opportunity to request for a leave of absence or request to be withdrawn and re entry to the program once they return from active duty. Students receiving VA educational benefits while on an approved leave of absence will have their VA educational benefits interrupted, it would be reported to the VA as a termination status. Any registration changes may affect a VA student educational benefit that may cause a return and or repayment of funds to the VA or the Academy.

VA PENDING PAYMENT COMPLIANCE POLICY

In accordance with Title 38 US Code 3679 subsection (e), Florida Barber Academy adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from the VA.

This policy allows any covered individual to attend or participate in the course of education during the period beginning on the date on which the individual provides to the educational institution a certificate of eligibility (COE) for entitlement to educational assistance ending on the earlier of the following dates:

1. The date on which payment from the VA is made to the institution.
2. 90 days after the date the institution certified tuition and fees following the receipt of the COE.

This academy will not:

- Prevent the student's enrollment;
- Assess a late penalty fee to the student;
- Require the student to secure alternative or additional funding;
- Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.
- Automatically renew a veteran education benefit for new programs, the student will have to submit a new enrollment request and provide a new certificate of eligibility. (Public Law 116-315, Sec 1018, 38 USC § 3679(f) prohibits the automatic renewal of veteran education benefits.)

However, to qualify for this provision, such students may be required to:

- Produce the VA Certificate of Eligibility (COE) by the first day of class;
- Provide a written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies

For more information, please contact one of our school certifying officials:

NON-DISCRIMINATION POLICY

Florida Barber Academy admits students of any race, color, nationality and ethnic origin to all the rights, privileges, programs and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, sex, gender, gender identity, disability, national and ethnic origin in administration of its educational policies, admission policies, scholarship and loan programs and other school administered programs.

REHABILITATION ACT OF 1973 SECTION 504/AMERICANS WITH DISABILITIES ACT OF 1990

Florida Barber Academy does not exclude qualified individuals with a disability from the participation in or benefits of programs of instruction and its activities on the basis of their disability.

EQUAL OPPORTUNITY LAWS

Florida Barber Academy complies with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), Title IX of the Education Amendments of 1972, as amended (20 U.S.C. 1681 et seq.), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), the Age Discrimination Act of 1975 (42 U.S.C. 6101 et seq.), and all Federal regulations adopted to carry out such laws. This assurance is directed to the end that no person in the United States shall, on the ground of race, color, national origin (Title VI), handicap (Section 504), sex (Title IX, in education programs and activities only), or age (Age Discrimination Act) be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity of the Signatory receiving Federal financial assistance or other benefits under statutes administered by VA (Department of Veterans Affairs), the DOE (Department of Education), or any other Federal agency. This assurance applies whether assistance is given directly to the recipient or indirectly through benefits paid to a student, trainee, or other beneficiary because of enrollment or participation in a program of the Signatory.

OBSERVING A CLASS

A student wishing to apply for enrollment is permitted to attend one class session prior to enrollment, at no charge. Students are encouraged to attend the class session to determine his/her level of commitment.

UNIT OF CREDIT

Florida Barber Academy (FBA) is a clock hour institution. A Unit of Credit is defined as a clock or classroom hour. Since FBA is a clock hour institution; a clock or classroom hour is defined as no less than 50 minutes of any one clock hour during which the student participates in a learning activity in the physical presence of a member of the faculty and a 10-minute break.

CONTINUOUS ENROLLMENT

Florida Barber Academy has continuous enrollment with new classes forming weekly.

STUDENT RECORDS

The Registrar's office is the designated custodian of all official student academic records. The office maintains official student transcripts, processes final grades at the end of each term and updates student records with address, name and approved grade changes. Upon request from the student, both official and unofficial copies of their academic records will be given to students, other individuals, institutions or agencies.

This office also provides official certifications of student enrollment and academic status to other agencies such as insurance companies and financial institutions. A hard copy of the student's final grade is provided at the student's request from the Registrar's Office.

The Registrar's Office is also responsible for processing applications for diplomas and certificates.

The school will retain student records in a fire-proof file cabinet and available to students upon individual request. Student records will be provided to potential employers only after the student has made a written request.

For those students who are denied entry or dismissed from the academy, records will remain on file for at least one year.

GRADING SYSTEM

Students are graded during each course of study by the instructor's evaluation of the artistic talent, quality of work, and the student's ability to follow instructions, with 75% or higher being a passing grade (The school maintains a certain amount of flexibility in its testing and evaluation of individual students because the utilization of the skill acquired is partially dependent on creativity and artistic talent).

GRADING SCALE			GPA
A	90-100	Excellent	4.00
B	80-89	Good	3.00
C	75-79	Passing	2.00
Below	75	Unsatisfactory	1.99

ATTENDANCE POLICY

Students are expected to attend scheduled class meetings and to arrive on time. A student attending a minimum of seventy (70%) of their scheduled hours is considered to be in Satisfactory Academic Progress (SAP), except for the veteran student, who must attend a minimum of eighty (80) percent or more to be in SAP. To graduate, the student must complete the maximum required hours of their program of choice.

SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

The standards of “Satisfactory Academic Progress” are to establish a formal process through which the administration and faculty of FBA can identify and provide assistance to students who experience academic difficulty.

Students who experience academic difficulty are alerted through the standards of any academic weaknesses so that they may be corrected at an early point in the student’s school career.

The standards are not intended to discourage or penalize students who are sincerely trying to make good use of the school’s instructional services. Rather, the standards reflect the commitment of FBA faculty and administration to provide students with as much assistance as possible to ensure success in achieving their educational goals.

The overall objective of the standards is to improve performance by students having academic difficulty and to increase public support for Florida Barber Academy’s efforts to provide sound educational programs of the highest quality.

The maximum time frame for program completion may not exceed 150% of the published length of the program measured in academic years, terms, credit hours attempted, or clock hours completed.

ACADEMIC STANDARDS REQUIRED GRADE AVERAGES

At the end of each increment, the cumulative grade average will be determined and documented in each student’s Academic Progress Report Form. Students achieving the averages specified below will be considered to be making satisfactory academic progress: a grade average of 75% or 2.0 GPA at the 25%, 50%, 75% and 100% point of the published length of the program selected. For example, if attending a 1,200-clock hour program, 25% will be 300 clock hours attended, 50% will be 600 clock hours attended, 75% will be 900 clock hours attended and 100% will be 1,200 clock hours attended.

Consequences of sustained poor academic performance are summarized below:

<u>Accumulative GPA</u>	<u>Results</u>
0.0 to 0.99	Academic Suspension
1.0 to 1.49	Academic Probation
1.5 to 1.99	Academic Warning

Students must have a minimum of 2.0 overall GPA to graduate.

REQUIRED COMPLETION RATE

In addition to the cumulative grade average listed above, students must also be progressing toward successful completion of the program within a maximum time frame. The maximum time frame for program completion may not exceed 150% of the published length of the program measured in academic years, terms, credit hours attempted, or clock hours completed. For example, if an academic program published length is 600 clock hours the maximum time frame to complete the program is 900 clock hours. Hours completed after the 150% point will lose financial aid eligibility. For example, a 600-clock hour program, the maximum assessment point will be at 25% point or 225 clock hours, 50% point or 450 clock hours, 75% point or 675 clock hours and 100% point or 900 clock hours; a 1,200-clock hour program the maximum assessment point will be at 25% point or 450 clock hours, 50% point or 900 clock hours, 75% point or 1350 clock hours, 100% point or 1800 clock hours.

ASSESSMENT OF STUDENT PROGRESS

PROGRESS REPORTS

The students' academic progress is measured and analyzed throughout their program on a quarterly basis. Student Progress Report Forms completed by the Registrar at the quarter ($\frac{1}{4}$), midpoint ($\frac{1}{2}$), three-quarter ($\frac{3}{4}$) and at the completion points of the program. The analysis is also conducted at the quarter ($\frac{1}{4}$), midpoint ($\frac{1}{2}$), three-quarter ($\frac{3}{4}$) and at the completion points of the program and commented on the Student Progress Report Forms. The Director of Education receives these reports for evaluations.

ACADEMIC WARNING

A student will receive an academic warning if the student falls between an Accumulative GPA of 1.5 to 1.99. If a student falls between an Accumulative GPA of 1.0 to 1.49, the student will be placed on academic probation.

ACADEMIC PROBATION

Students on "Academic Probation" will be measured at the applicable points of the program. The applicable points are the 25%, 50%, 75%, and 100% of the total length of the program. Students on financial aid can receive aid during 1 applicable point. If the student has not met the minimum GPA required by the end of the probationary period, the student will be ineligible for financial aid until the student meets the satisfactory progress standard again.

RE-ESTABLISHING ACADEMIC PROGRESS

A student who loses Federal Student Aid because the school's academic progress standards are not being met will regain eligibility when the school determines that the student is meeting the standards or when the student is granted an appeal. An appeal may be granted for special circumstances, but a student can regain eligibility only by taking actions that will bring the student in compliance with all the academic progress standards.

ACADEMIC DISMISSAL/WITHDRAWAL

“Academic Dismissal” represents a separation of a student from FBA for at least twelve (12) months. “Academic Dismissal” occurs after a student fails to meet the minimum requirements during probation after suspension. If, after being readmitted following suspension, the student fails to meet minimum standards, which is maintaining a 2.0 GPA, they will be separated from FBA.

The student who withdraws voluntarily is called a “Withdrawn” student. The last physical date of attendance is considered the withdrawal date of the student whether the student is dismissed or withdraws. The final grade given at the point of withdrawal will be the grade used for the GPA and accumulative GPA.

Students are eligible to re-apply for enrollment to FBA after the dismissal period. This request will be on a petition basis. In order for re-enrollment to be approved, the petition must present evidence of some change in the student’s circumstance. A withdrawn student may re-enter anytime. A re-enrolled student may apply for financial aid providing he/she is meeting all academic progress standards.

STUDENTS PARTICIPATING IN FEDERAL FINANCIAL AID

Federal regulations require that all schools participating in any Federal Financial Aid program must adhere to a Financial Aid Satisfactory Academic Progress (SAP) policy. As a Financial Aid recipient, students must maintain SAP to remain eligible to receive Federal Financial Aid. The records of all Financial Aid recipients will be reviewed at the end of each payment term to determine compliance with the SAP policy. SAP determination is based on the student’s complete academic history, including periods in which the student did not receive Financial Aid.

To meet Satisfactory Academic Progress in order to receive Financial Aid, the student must:

- Maintain a Cumulative Grade Point Average of 2.0 or 75% and above.
- Maintain a Cumulative Attendance rate of 70% or above.
- Cannot exceed the 150% Maximum Time Frame (For example a 1,200-clock hour program cannot exceed 1,800 scheduled hours).

FINANCIAL AID WARNING/PROBATION STATUS

If a student fails to meet eligibility standards for either GPA or attendance, students are automatically placed on Financial Aid Warning. A student placed on Financial Aid Warning status may continue to receive financial assistance for one payment period. The student will be advised at that time of the potential loss of eligibility and complete a counseling form with the Registrar Department. A student, who has not improved his standing and still fails to comply with the satisfactory academic progress policy at the end of the Warning Period, will be ineligible for future financial aid disbursements. It is advisable for any student on warning status to meet with both a financial aid administrator and an academic advisor to ensure future satisfactory progress and aid eligibility.

The student may continue on a cash-pay basis with an approved payment plan. Arrangements for payment must be approved within 10 school days. The Financial Aid Appeal process allows students who are not meeting SAP standards to petition the institution for reinstatement of title IV aid eligibility.

Students may have the opportunity to have their financial aid eligibility reinstated by appealing the decision and being placed on Financial Aid Probation. Students have five (5) business days after being notified to institute an appeal. The appeal must be in writing and given to the Financial Aid Director, who will meet with the Financial Aid Academic Appeals Committee to make a decision on the appeal.

The bases on which a student may file an appeal are injury or illness; death of a relative; or other special circumstances. Students must provide supporting documents and describe in writing any unusual circumstances that warrant special consideration.

Students must provide information as to why they did not make SAP and what has changed that will allow them to make SAP by the next evaluation point.

The Financial Aid Director will provide a decision in writing within ten (10) business days.

FINANCIAL AID PROBATION

If the institution approves the appeal, the student may be placed on probation after the institution evaluates the student's progress and determines that the student did not make Satisfactory Academic Progress during the warning or previous evaluation period. Probation will only be for one additional payment period during which the student remains eligible for federal aid.

The student will be placed on an academic plan to regain satisfactory academic progress status to continue to be eligible for federal aid beyond the initial probationary period, the student must either be meeting the cumulative attendance and grade standards as published by the school or be in compliance with any customized written academic plan.

APPEAL AND RE-ESTABLISHING ELIGIBILITY

A student may appeal the determination of unsatisfactory progress and re-determination of aid eligibility by completing the SAP appeal form. The student must explain in writing the reason why he/she failed to make SAP, provide a statement and documentation as to what has changed in the student's situation that will allow the student to meet SAP before the next term. A student whose Federal Financial Aid has been terminated for unsatisfactory progress may have it reinstated for one payment period on the basis of:

- Mitigating circumstances
- After successfully rehabilitating the cumulative 75% or better
- Achieving an attendance rate of 70% or better

If the appeal is approved, the student will be put on Probation Status for one payment period and financial assistance will be reinstated. If the appeal is denied, the student can remain in school at their own expense.

NOTE: An appeal determination will be between the President and the Director of Financial Aid.

GRADUATION REQUIREMENTS

The student must comply with the following requirements in order to receive a diploma:

1. Complete the total number of hours required by the student's program and have an overall GPA of 2.0 or final grade of 75% or greater.
2. Pass all written examinations, and all practical requirements.
3. Meet all financial obligations incurred with the institution.
4. Achieving an attendance rate of 70% or better.
5. Students exceeding 20% unexcused absences in academic term will be terminated from their VA benefits for unsatisfactory attendance.

FINANCIAL AID **(FOR THOSE WHO QUALIFY)**

Pell Grants

The Pell Grant is an entitlement. Each high school graduate and GED holder is entitled by law to apply for a grant to help defray the cost of postsecondary education. Students or prospective students may obtain an application to participate in the Pell Grant Program from the Financial Aid Officer of Florida Barber Academy. The Pell Grant award will depend upon the amount of family contribution from the student's parent(s) or own resources as determined by the U.S. Department of Education and the amount of money appropriated by Congress to fund the Pell Grant program.

Student Loans

Student loans from the U.S. Department of Education are available to students thirty days after a student has started classes. Federal Subsidized and Unsubsidized Stafford Loans are low interest loans provided by the U.S. Department of Education. The subsidized Stafford loan is awarded based on need. Interest is paid by the government while the student is enrolled in school at least half-time. The unsubsidized Stafford loan is available to students regardless of financial need, but the interest must be paid while the student is in school, or it is capitalized (added to the principal). Loans must be repaid including interest. Repayment begins 180 days from the last day of attendance, leaves school or drops to less than half-time attendance.

In-House Payments

Flexible payment plans are available to students.

Disclosure: FBA does not offer any in-house scholarships, grants, etc.

PREVIOUS TRAINING/ EXPERIENCE/TRANSFER OF CREDITS

Transfer Students will meet the same standards and requirements as a traditional Florida Barber Academy (FBA) student. This includes Admission requirements. FBA will accept up to 50% of credits of an accredited institution or from an unaccredited institution provided it is comparable to what is being offered at FBA. Transferred grades must be 2.0 or greater; D's and F's are not transferred. Failure to meet FBA standards may warrant denying part or all transfer of credits.

Any student who began a program at Florida Barber Academy and wishes to transfer to another program, could receive credit for courses previously passed (some restrictions may apply). If allowed, tuition will be adjusted accordingly.

Any student who previously received credits from a non-Title IV eligible program will not be able to transfer in any credits towards a Title IV eligible program. The same restriction will be in place for students wishing to transfer credits from a Title IV eligible program to a non-title IV eligible program.

This restriction noted above includes both practical hours and theory hours.

Furthermore, Student Academic Progress evaluations will include accepted transfer hours completed and attempted toward the student's program of study and would be evaluated upon internal program transfers within the Academy. Students who transfer out of Florida Barber Academy to another institution will receive their academic transcript providing that all financial obligations have been met. The acceptance of the credits earned is determined by the transferring institution.

Students who re-enroll in the school will be treated the same as students transferring from another school or a student with previous training/experience. Compliance with the school's minimum satisfactory progress requirements is required.

1. No credit will be given to any student for courses taken from previous training at our campus or another institution that is 10 years or more.
2. Up to 50% can be credited from another institution.
3. For each year that passes 10% (example: 1st year 10%, 2nd year 20%, 3rd year 30%, etc.) will be automatically deducted from the final determination of credit hours.
 - i. For the Barber program it equates to 90 hours 1st year, 180 hours 2nd year, 270 hours 3rd year, etc.
 - ii. For the Cosmetology program it equates to 120 hours 1st year, 240 hours 2nd year, 360 hours 3rd year, etc.
 - iii. For the Full Specialist program, it equates to 60 hours 1st year, 120 hours 2nd year, 180 hours 3rd year, etc.
 - iv. For the Nail Technician program, it equates to 18 hours 1st year, 36 hours 2nd year, 54 hours 3rd year, etc.
4. Hours are based on theory and practical work, which is on an official transcript. Only what is on the transcript will be considered for evaluation.

DRUG AND ALCOHOL ABUSE PREVENTION PROGRAM

Drug Policy

Florida Barber Academy has a policy of maintaining a drug and alcohol-free learning environment. All employees and students are hereby notified that the unlawful manufacture, distribution, dispensing, possession or use of illicit drugs and alcohol is prohibited in the school's learning environment. The employees and students must notify the school of any criminal drug and alcohol statute conviction for a violation occurring in the learning environment no later than five days after such conviction. In compliance with the *Drug-Free Workplace Act of 1988* and *The Drug-Free School and Communities Act of 1989* as amended, required all Higher Learning Institutions to certify to the U.S. Department of Education by October 1, 1990, that they adopted and implemented a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees.

Substance abuse is a widespread problem that not only seriously affects an individual's work performance, but may also pose potential health, safety and security risks. Our policy is designed to provide a drug-free, healthy, safe and secure learning/work environment.

Non-Compliance will result in one or all of the following:

- The employee and student will be required to actively participate in a drug or alcohol abuse assistance or rehabilitation program approved by federal, state or local health, law enforcement or another appropriate agency.
- Community service with one of the above-stated agencies. Termination of enrollment and/or employment.

Liquor Law Violation Policy

The violation of state or local laws, or ordinance prohibiting the manufacture, sale, purchases, transportation, possession, or use of alcoholic beverages, not including driving under the influence, fall under this policy.

Observance of the law is the responsibility of each student. Failure to obey the law may subject the student to prosecution by law enforcement authorities, both civil and criminal. It may also subject a student to judicial action on campus including but not limited to expulsion from campus. Being under the influence of alcohol shall not excuse any student from the legal and disciplinary consequences of offenses, disorderly, or unlawful conduct.

Alcohol Uses and Effects

Alcohol consumption causes several marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increases incidents of a variety of aggressive acts, including spousal and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Extremely high doses cause respiratory depression and health issues. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol may lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal syndrome, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of enormous quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver. Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

Local Penalties and Sanctions for Illegal Possession of a Controlled Substance and Alcohol Abuse

In addition to the aforementioned federal and the following state sanctions, local ordinance generally provides for legal sanctions of unlawful possession of illicit drugs and alcohol. All Florida drug trafficking crimes are First degree felonies and carry mandatory sentences (893.135 FLA. Statute).

Florida DUI Penalties

The state of Florida treats those convicted of the crime of Driving Under the Influence (DUI) differently; the penalties differ depending on the number of prior DUI convictions and/or the driver's Blood Alcohol Content (BAC).

Enhanced penalties apply if the driver's BAC is 0.08% or over, or if a minor was in the vehicle at the time of the offense.

Policy Sexual Misconduct

Regulation Title IX of the Education Amendments of 1972 and the Violence Against Women Act of 2013

TITLE IX - VAWA 2020

Introduction

Florida Barber Academy (FBA) will not tolerate any form of unlawful discrimination and harassment based on race, color, national origin, sex, disability, and age. This includes students who are lesbian, gay, bisexual, transgender or cisgender, queer, questioning, asexual, intersex, nonbinary, heterosexual and individuals who identify their sexual orientation or gender identity in other ways (LGBTQI+). Or sex/gender-based harassment, sex/gender-based violence, sexual exploitation, sexual assault, dating or domestic violence, stalking, cyber stalking, and bullying. FBA is committed to maintaining a hostile free educational environment and campus by addressing sexual misconduct violations as outlined in this policy.

Scope

FBA Sexual Misconduct Policy outlines reporting, investigation, complaint resolution procedures and possible sanctions, it provides resources available to assist students in dealing with the impact of sexual misconduct and it reviews the school's prevention, education and training measures for all programs and location. This policy is applicable to all FBA students, faculty, and staff regardless of sexual orientation or gender identity. In addition, it applies to such acts conducted by third parties that are directed toward an FBA community member. All FBA employees/students who become aware of an alleged violation of this policy are expected to notify the Campus President/CAO/Title IX Coordinator with the names of the parties involved and the details of the incident.

Confidential reporting can be made off campus to an individual with a professional license requiring confidentiality, such as an attorney, a member of the clergy, a medical practitioner, a social worker, and a mental health professional (i.e., psychiatrist).

Options for Assistance Following an Incident of Sexual Misconduct

Victims should immediately call emergency 9-1-1 for police assistance if they believe the situation warrants it. Offenses can and should all be reported to an FBA responsible employee or directly to the Title IX Coordinator. A student has the right to file a criminal complaint and report to the FBA Title IX Coordinator.

After a sexual assault, it is especially important that the victim receive medical attention to address any physical injuries and to screen for sexually transmitted diseases (STDs) and pregnancy.

Near hospital or urgent Care locations:

Plantation General Hospital- 401 NW 42nd Avenue, Plantation, Florida 33317 (954) 587-5010

Preserving DNA evidence from the assault is important. Every effort should be made to save anything that might contain the perpetrator's DNA, therefore a victim should not:

Bathe or shower, comb hair, use the restroom, clean up the crime scene, change clothes, and move anything the offender may have touched. A sexual assault nurse examiner (SANE), sexual assault forensic examiner (SAFE) or another medical professional will conduct a forensic medical exam of the victim, but only if the victim gives permission. It is important to remember that agreeing to a forensic medical exam does not require the victim to subsequently file a police report.

FBA will implement supportive and protective interim measures to ensure the safety and wellbeing of a victim after receiving notice of prohibited conduct and prior to any final outcomes (investigatory, disciplinary, or remedial) have been determined. Interim measures may include administrative actions (e.g., a "no contact" directive, interim suspension), academic modifications (e.g., changing of class time), or other measures designed to reasonably minimize the possible recurrence of, and mitigate the effects of, the alleged conduct.

If requested by the victim, FBA has available information of resources to provide such as: Change of schedule, bus passes transportation, if the victim needs to change working situation, we have available the student services department to assist with any job openings available within the community. If the victim needs assistance of a new shelter, we have a resource binder that provides information of all of the nearby shelters. In case the victim requests to change school, the administration will provide the listings of the nearby beauty schools near the zip code where it would be closer to attend. We will provide the student with the academic transcripts and the student will be able to transfer to any school of choice. Depending on the specific nature of the problem, remedies for the complainant may include, but are not limited to: Providing an effective escort to ensure that the complainant can move safely between classes and activities, mutual restrictions on contact between the parties, leave of absence, increased security and monitoring of certain areas of the campus. Ensuring the complainant and perpetrator do not share classes or extracurricular activities together, arranging for the complainant to have extra time to complete or retake a class or withdraw from the class without an academic or financial penalty. FBA will review any disciplinary actions taken against the complainant to see if there is a casual connection between the sexual violence and the misconduct that may have resulted in the complainant being disciplined.

The Title IX Coordinators' primary responsibility is coordinating FBA's efforts to comply with and carry out its responsibilities under Title IX, which purpose prohibits of interfering with any right or privilege pursuant to Title IX of the Education Amendments of 1972 and the U.S. Department of Education's implementing regulations at 34 C.F.R Part 106. The Title IX Coordinator oversees the campus' response to reports and complaints that involve possible sexual discrimination to monitor outcomes, identify and address any patterns, and assess effects and address issues that affect the campus' climate. FBA, where applicable will respect the rights of victims and will follow any orders of protection, such as no contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court. The victim will be given options at the school level to comply with any court orders received at the institution.

Definitions

Sexual Misconduct policy terms defined:

Sexual Harassment is defined as unwelcome conduct of a sexual nature. It includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment is conduct that explicitly or implicitly affects a person's employment or education or interferes with a person's work or educational performance or creates an environment such that a reasonable person would find the conduct intimidating, hostile or offensive. An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient an individual's participation in unwelcome sexual conduct. Unwelcome conduct determined by a reasonable person to be so severe pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity, or sexual assault dating violence, domestic violence, or stalking as defined for VAWA purposes.

Hostile Environment caused by Sexual Harassment exists when sexual-based harassment is sufficiently serious to deny or limit the student's ability to participate in or benefit from FBA programs or activities. A hostile environment can be created by anyone involved in the school's programs or activities on campus or off campus, (e.g., administrators, instructors, students, and campus visitors). May include computer and internet networks, digital platforms, computer hardware or software owned or operated by, or used in the operations of, the recipient. In determining whether sexual-based harassment has created a hostile environment, the school considers the conduct in question from both a subjective and objective perspective. It will be necessary, but not enough, that the conduct was unwelcome to the student who was harassed, but the school will also need to find that a reasonable person in the student's position would have perceived the conduct as undesirable or offensive in order for that conduct to create or contribute to a hostile environment.

To make the ultimate determination of whether a hostile environment exists for a student or students, the school considers a variety of factors related to the severity, persistence, or pervasiveness of the sexual-based harassment, including: (1) Type, frequency, and duration of the conduct; (2) Identity and relationships of persons involved; (3) Number of individuals involved; (4) Location of the conduct and the context in which it occurred, and (5) Degree to which the conduct affected one or more students' education. The more severe the sexual-based harassment, the less need there is to show a repetitive series of incidents to find a hostile environment.

A single instance of sexual assault may be sufficient to create a hostile environment likewise, a series of incidents may be sufficient even if the sexual-based harassment is not particularly severe. FBA enforces this policy in a manner that respects the First Amendment rights of students, instructors, administrators, and others. Sexual Assault is having or attempting to have sexual contact with another individual without consent or having or attempting to have sexual intercourse with another individual without consent.

Domestic Violence is an abuse committed against an adult or a minor who is a spouse or former spouse, cohabitant or former cohabitant, or someone with whom the abuser has a child, has an existing dating or engagement relationship, or has had a former dating or engagement relationship. A person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies (under VAWA) or, any other person against an adult or youth victim who is protected from that person acts under the domestic or family violence laws of the jurisdiction.

Dating Violence is abuse committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. Where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of the relationship, and the frequency of the interaction between the persons involved in the relationship. Dating violence includes but is not limited to sexual or physical abuse or the threat of such abuse.

Sexual Exploitation occurs when a person takes non-consensual or abusive sexual advantage of another for anyone's advantage or benefit other than the person being exploited, and that behavior does not otherwise constitute one of the preceding sexual misconduct offenses.

Sexual Assault an offense that meets the definition of rape, fondling, incest, or statutory rape.

Rape is the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Sex Offenses is any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

Fondling is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape is sexual intercourse with a person who is under the statutory age of consent.

Stalking is engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others; or to suffer substantial emotional distress. Retaliation in any way against a person or persons because they have opposed any practices forbidden under this policy or have filed a report, assisted, or participated in any manner in an investigation or proceeding is a violation under this Policy.

This includes action taken against a bystander who intervened to stop or attempted to stop discrimination, harassment, sexual misconduct, interpersonal violence, or stalking. Action is generally deemed retaliatory if it would deter a reasonable person in the same circumstances from opposing practices prohibited by this Policy. Intimidation is intentional behavior that would cause a person of ordinary sensibilities to fear injury or harm.

Course of Conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

Reasonable Person means a reasonable person under similar circumstances and with similar identities to the victim.

Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Cyber Stalking is the use of electronic communication to harass or threaten someone with physical harm.

NOTE: *Cyberbullying* and *cyberstalking* are used for the same kinds of communications, but *cyberbullying* is the usual term when minors are involved.

It may include false accusations, defamation, slander and libel. It may also include monitoring, identity theft, threats, vandalism, solicitation for sex, or gathering information that may be used to threaten, embarrass or harass. Cyberstalking is a criminal offense under various state anti-stalking, slander and harassment laws. A conviction can result in a restraining order, probation, or criminal penalties against the assailant, including jail.

Additional terms defined:

Consent is a voluntary agreement to engage in sexual activity. Someone who is incapacitated cannot consent and past consent does not imply future consent. Silence or an absence of resistance does not imply consent nor does consent to engage in sexual activity with one person imply consent to engage in sexual activity with another. Consent can be withdrawn at any time and coercion, force, or threat of either invalidates consent. ii. Incapacitation is the hindrance from having the capacity to give consent such as due to the use of drugs or alcohol, when a person is asleep or unconscious, or because of an intellectual or other disability.

Affirmative Consent is defined as an affirmative, conscious, and voluntary agreement to engage in sexual activity. Neither the lack of protest or resistance nor silence constitutes consent, and consent may be withdrawn at any time. Affirmative consent must be given by all parties to sexual activity. Often referred to as "YES MEANS YES."

Reporting Policies and Protocols

Students are able to disclose violations of this policy to an available FBA responsible employee, including the Title IX Coordinator by phone, in person by mail or by email. Alternatively, criminal behavior of any kind can always be reported in the form of a criminal complaint to the area's local police department.

FBA encourages victims of sexual misconduct to talk to someone about what happened. By talking to someone, it allows victims to get the support they need and gives FBA the ability to respond appropriately. A responsible employee is any employee who has the authority to take action to redress sexual misconduct; who has been given the duty of reporting incidents of sexual misconduct by students to the Title IX Coordinator or other appropriate school designee; or whom a student could reasonably believe has this authority or duty.

Before a victim reveals any information to a responsible employee, the employee is to ensure that the victim understands the employee's reporting obligations, and if the victim wants to maintain confidentiality, direct the victim to confidential resources. If a victim discloses an incident to a responsible employee but wishes to maintain confidentiality or requests that no investigation into an incident be conducted or disciplinary action taken, FBA must weigh that request against its obligation to provide a safe, non-discriminatory environment for all students, including the victim. Florida Barber Academy has a non-discriminatory policy during any investigation, to which the victim will be protected regardless of sex, race, gender, religion, national origin, sexual orientation, gender identity, ethnicity, or disability in any of its educational programs and activities.

The following range of factors will be considered; (1) The increased risk that the alleged perpetrator will commit additional acts of sexual or other misconduct, such as: whether there have been other sexual misconduct complaints about the same alleged perpetrator; whether the alleged perpetrator has a history of arrests or records from a prior school indicating a history of misconduct; whether the alleged perpetrator threatened further sexual misconduct or other violence against the victim or others; whether the sexual misconduct was committed by multiple perpetrators; (2) whether the sexual violence was perpetrated with a weapon; (3) whether the victim is a minor; (4) whether FBA possesses other means to obtain relevant evidence of the sexual misconduct (e.g., security cameras or personnel, physical evidence); (5) whether the victim's report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group.

The presence of one or more of these factors could lead FBA to investigate and, if appropriate, pursue disciplinary action. If none of these factors are present, FBA will likely respect the victim's request for confidentiality. In compliance with the Clery Act, FBA must disclose accurate and complete crime statistics for incidents that are reported to campus security authorities and local law enforcement as having occurred on or near the campus. FBA will provide a prompt, fair, and impartial investigation and resolution to any incident reported.

Any third-party or anonymous report must be reported to the Title IX Coordinator as soon as possible. The Title IX Coordinator will then collect any needed information, record the incident, and investigate further so that the proper protocols are followed, including confidentiality procedures. FBA will remain ever mindful of the victim's well-being and will take ongoing steps to protect the victim from retaliation or harm and work with the victim to create a safety plan. Retaliation against the victim, whether by students or FBA employees, is prohibited and will not be tolerated. FBA offers amnesty to reporting parties, witnesses, and other individuals who may be hesitant to report or share information because of a fear that they themselves may be accused of minor policy violations, like drinking and/or drug use that occurred at the time of the incident. By acting in good faith and disclosing an act of violence, students will not be held accountable for Code of Conduct and/or policy violations.

The accuser and the accused are entitled to the same opportunities to have others present during an institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice; and both the accuser and the accused shall be simultaneously informed in writing of the outcome of any institutional disciplinary proceeding that arises from an allegation of domestic violence, dating violence, sexual assault, or stalking.

Notice of sanctions against perpetrators: Assist counseling sessions, Suspension, Administrative withdraw, restriction to visit or return to the facility, if restriction is violated, could lead to a possible charge for trespassing. Local authorities will be notified.

All suspensions or dismissals under the Title IX investigation may require the student to submit a written appeal to return to school. The appeal process is equal to both parties, allowing the complainant (victim), and alleged perpetrator to submit their appeal process.

The Appeal's Committee may be called to meet with the student, to review the appeal submission and make a recommendation to the Campus President. The Board of Directors will make the final decision.

Investigating Procedures and Protocols

The Title IX Coordinator will determine if there is a need for a formal investigation of the reported charges. If it is deemed to be necessary, the local police department will be contacted, and an offsite Title IX expert will be retained to conduct the investigation. The investigation will be initiated immediately, and local authorities and Title IX expert notified that day or the next business day. Preserving the evidence will be at the discretion of the police department and the provided Title IX expert.

Preserved evidence may be used in an investigation or criminal proceedings. While evidence can be collected and preserved via medical examinations, victims can take steps to preserve evidence as well. The institution will protect the confidentiality of victims, including how publicly available is the information for recordkeeping. It will be accomplished by not including the identification information of the victim, to the extent permissible by law. Typically, investigation time frames can range from thirty to sixty days process, depending on the complexity of the incident reported. FBA will ensure to notify both parties on a periodic basis of any status updates throughout the process of the investigation in case the timeframe will need to prolong past sixty days.

Title IX Grievance Procedures:

- Grievance is to be reported to the Title IX Coordinator.
- Incident report written by the Title IX Coordinator.
- Investigation Process will be added to the report.
- After the investigation is completed and the final decision is in by the Board Members, a written notice will be forwarded to the complainant and or alleged perpetrator.
- Reports and notifications sent to all parties involved will be kept for records, including the assurance of the school taking any extra steps or measures to prevent recurrence of any sexual violence and remedy discriminator effects on the complainant and others, if appropriate.

Prevention and Education

FBA is committed to educating its students, faculty and staff about sexual misconduct and taking the necessary steps in prevention. Multiple resources can be found within this policy.

This policy is distributed to all students, faculty, and staff by means of the school catalog and orientation.

At a minimum, the Title IX Coordinator, Responsible Employees, and anyone else who is involved in responding to, investigating or adjudicating sexual misconduct is required to be informed of this policy and receive adequate training. Training consists of an annual review of VAWA policies and procedures, and all aforementioned individuals are required to be fully knowledgeable on the VAWA requirements and are to treat VAWA prevention and reporting as a serious on-going concern. FBA is focused on providing a safe and secure campus for its students, faculty and staff and is diligently working toward continued improvement of VAWA policies and procedures.

CONSTITUTION AND CITIZENSHIP DAY

Florida Barber Academy celebrates Constitution and Citizenship Day on September 17th. If the 17th of September occurs on a weekend, the Constitution and Citizenship Day will be recognized on the workday closest to that date. This event is coordinated by the Director of Education.

GRIEVANCE POLICY

In the unlikely event that anyone, student, staff or client, should be dissatisfied with service or actions of Florida Barber Academy, the following procedure is to be followed:

2. Should the matter remain unresolved following the oral discussion, the grievance must be stated in written form.
3. The written grievance is to be submitted to the school President (Maryolaine Miranda). The grievance matter will be discussed with the school administrator and the employee (if the grievance is in regard to an employee, that person would be allowed to sit in on the discussion), but the decisions regarding resolution would be made by an unbiased party. The report will be prepared in writing and presented to the student within 5 days of receipt of the formal grievance. The decision is final and may not be appealed.

LEAVE OF ABSENCE

Florida Barber Academy requires students to provide a written, signed, and dated request for a Leave of Absence prior to the leave of absence. However, if unforeseen circumstances prevent a student from providing a prior written request, FBA may grant the student's request for a leave of absence and document its decision in the student's file.

A student may be granted a Leave of Absence (LOA) of up to 180 days in any 12-month period. The number of days on a leave of absence commences the day after the student's last day of attendance. A 12-month period begins on the first day of the student's initial leave of absence.

Upon the student's return from the leave of absence, the student is permitted to complete the coursework he or she began prior to the leave of absence without any penalties. A student may take a subsequent LOA if the subsequent leave of absence does not exceed 30 days and the institution determines that the subsequent leave of absence is necessary due to unforeseen circumstances. Approved reasons for a subsequent LOA are jury duty, military reasons, or circumstances covered under the Family and Medical Leave Act of 1993.

If a student does not resume attendance at the institution on or before the end of a leave of absence, the student will be treated as a withdrawal.

REFUND POLICY

All refunds will be made according to the school's refund policy for all terminations or cancellations of students as follows.

1. All cancellations must be in writing and presented in person or by certified mail.
2. If the institution cancels classes, 100% of tuition and fees collected in advance of the student's start date of the program will be refunded to the student within 30 days of the planned start date.
3. All monies will be refunded if the applicant is not accepted by the school or if the student cancels within three (3) business days of signing the enrollment agreement and makes an initial payment.
4. All monies paid will be refunded, with the exception of the \$150.00 registration fee if cancellation is made after the third (3) business day of signing the enrollment contract and prior to the first day of class.

Should a student be terminated or withdraw for any reason, all tuition cost calculations and refunds shall be subject to the following refund policy: (Based on scheduled hours)

- (i) Cancellation after attendance has begun, through 40% completion of the program, based on scheduled hours, will result in a pro rata refund of tuition charges computed on the number of scheduled hours completed to the total program hours.
 - (ii) Cancellation after completing 40.01% to 50% will result in the school collecting up to 75% of total contracted tuition of the program.
 - (iii) Cancellation after completing 50.01% of the program will result in no refund.
5. Students who have not visited the school facility prior to enrollment have the opportunity to withdraw without penalty within three (3) business days following either attendance at orientation or a tour of the facilities and inspection of the equipment.
6. Termination date: The termination date for refund computation purposes is the last date of actual attendance by the student unless earlier written notice is received.
7. All refunds will be made within 30 days after termination or receipt of cancellation notice.
8. Return to Title IV policy - A student who withdraws from school who is receiving Title IV funds will have a Return to Title IV (R2T4) calculation performed to determine how much of the financial aid was earned according to the percentage of the payment period that was scheduled to complete.
9. When the refund/R2T4 calculation is complete, any credit balance resulting from Title IV refunds will be sent to the Department of Education to reduce any student loan balance. Following the R2T4 refund, the Institutional Calculation will be completed. Any credit balance will first be sent to the Department of Education to reduce any student balance. Any monies left over will be refunded to the student.

Costs for books, kits and supplies returned within 20 days of withdrawal may be refunded. Equipment, once used, is non- returnable. Books may be returned for full value if in new condition, 50% of cost if used.

RETURN OF TITLE IV, HEA POLICY

When a student applies for financial aid, the student acknowledges through accepting their award letter that the funding is to support their cost of attendance while attending Florida Barber Academy (The Academy). Therefore, if a student withdraws before completing the program, a portion of the funds received may have to be returned. The Academy will calculate the amount of tuition to be returned to the Title IV, HEA Federal fund programs according to the policies listed below.

RETURN TO TITLE IV FUNDS POLICY

This policy applies to students who withdraw officially, unofficially or fail to return from a leave of absence or are dismissed from enrollment at the Academy. It is separate and distinct from the Academy's refund policy.

The calculated amount of the Return of Title IV, HEA (R2T4) funds that are required to be returned for the students affected by this policy, are determined according to the following definitions and procedures as prescribed by regulations. The amount of Title IV, HEA aid earned is based on the amount of time a student spent in academic attendance, and the total aid received; it has no relationship to student's incurred institutional charges. Because these requirements deal only with Title IV, HEA funds, the order of return of unearned funds does not include funds from sources other than the Title IV, HEA programs.

Title IV, HEA funds are awarded to the student under the assumption that the student will attend for the entire period for which the aid is awarded. When a student withdraws, they may no longer be eligible for the full amount of Title IV, HEA funds that were originally scheduled to be received. Therefore, the amount of Federal funds earned must be determined. If the amount disbursed is greater than the amount earned, unearned funds must be returned.

The Payment Period for the Academy is one-half of the academic year or program length (whichever is less).

The Date of Determination is the date that the institution determines the student has withdrawn from the program. The Academy is required to take attendance thus the date of determination is no longer than 14 days after the Last Date of Attendance. For a student who withdraws while on a Leave of Absence the expected return date will be the date of determination for R2T4 purposes. The Date of Determination starts the clock for timely refunds of Title IV funds, within 45 days after the "Date of Determination".

The Withdrawal Date for the Academy is the Last Date of Attendance (LDA).

The institution has 45 days from the date that the institution determines that the student withdrew to return all unearned funds for which it is responsible. The Academy is required to notify the student or parent if they owe a repayment via written notice.

If a student who failed to provide all required verification documents in time for the Academy to meet the R2T4 deadline later provides those documents prior to the applicable verification deadline, the Academy must perform a new R2T4 calculation based on all of the aid the student qualified for based on the completed verification documents and make the appropriate adjustments.

If the R2T4 results in an eligible post-withdraw disbursement, the Academy:

- Will offer any post-withdrawal disbursement of loan funds within 30 days of the date the Academy determined the student by sending a letter to the student.
- The Academy must advise the student or parent that they have 14 calendar days from the date that the Academy sent the notification to accept a post withdrawal disbursement of loan funds.
- If a response is not received from the student or parent within the allowed time frame or the student declines the funds, the Academy will return any earned funds that the Academy is holding to the Title IV, HEA programs.
- Disburse any Title IV grant funds a student is due as part of a post-withdrawal disbursement within 45 days of the date the Academy determined the student withdrew.
- Disburse any loan funds a student accepts within 180 days of the date the Academy determined the student withdrew.

WITHDRAWAL POLICY

“Official” Voluntary Withdrawal

A student is considered to be “Officially” withdrawn on the date the student notifies the school in writing of their intent to withdraw. The date of the determination for return and refund purposes will be the earliest of the following for official withdrawals:

1. Date student provided official notification of intent to withdraw, in writing.

OR

2. The date the student began the withdrawal from the Academy’s records.

Upon receipt of the withdrawal information the Academy will complete the following:

1. Determine the student’s last date of attendance as of the last recorded date of academic attendance on the Academy’s attendance record, and
2. Perform two calculations:
 - a. The student’s ledger card and attendance record are reviewed to determine the calculation of Return of Title IV, HEA funds the student has earned, and if any, the amount of Title IV, HEA funds for which the Academy is responsible. Returns made to the Federal Funds Account are calculated using the Department’s Return of Title IV, HEA Funds Worksheets, scheduled attendance and are based upon the payment period.
 - b. Calculate the Academy’s refund requirement (see the Academy refund policy).
3. The student’s grade record will be updated to reflect his/her final grade.
4. The Academy will return the amount for any unearned portion of the Title IV, HEA funds for which the Academy is responsible within 45 days of the date the official notice was provided.
5. If applicable, the Academy will provide the student with a letter explaining the Title IV, HEA requirements.
 1. To include,
 - a. The last day of attendance as determined by the Academy and an overview of the R2T4 regulation with the available to view the calculation upon request.
 - b. Any returns that will be made to the Federal program on the student’s behalf as a result of exiting the program. If a student’s scheduled attendance is more than 60% of the payment period, he/she is considered to have earned 100% of the Federal funds received for the payment period. In this case, no funds need to be returned to the Federal funds.
 - c. Advise the student of the amount of any Federal Grant Overpayment, if applicable, and outstanding tuition and fees after the R2T4 calculation.
6. A copy of the completed worksheet, letter and final ledger card will be kept in the student’s file.

In the event a student decides to rescind his or her official notification to withdraw, the student must provide a signed and dated written statement indicating the student is continuing his or her program of study and intends to complete the payment period. Title IV, HEA assistance will continue as originally planned. If the student subsequently fails to attend or ceases attendance without completing the payment period, the student’s withdrawal date is the original date of notification of intent to withdraw.

Unofficial Withdrawal

Any student that does not provide official notification of his or her intent to withdraw and is absent for more than 14 consecutive calendar days, fails to maintain satisfactory academic progress, fails to comply with the Academy's attendance and /or conduct policy, does not meet financial obligations to the Academy, or violates conditions mentioned in the Academy contractual agreement, will be subject to termination and considered to have unofficially withdrawn.

Within two weeks of the student's last date of academic attendance, the following procedures will take place:

1. The education office will make several attempts to notify the students regarding their enrollment status.
2. Determine and record the student's last date of attendance as the last recorded date of academic attendance on the attendance record.
3. The date of determination is determined as the date the day after 14 consecutive calendar days of absence.
4. Calculate the tuition and fee refund requirement (see Academy refund policy).
5. The Academy calculates the amount of Federal funds the student has earned, and, if any, the amount of Federal funds for which the Academy is responsible.
6. The Academy's Bursar will return to the Federal fund programs any unearned portion of Title IV funds for which the Academy is responsible within 45 days of the date the withdrawal determination was made, and record on student's ledger card.
7. If applicable, the Academy will provide the student with a refund letter explaining Title IV requirements:
 - a. The last day of attendance as determined by the Academy and an overview of the R2T4 regulation with the available to view the calculation upon request.
 - b. Any returns that will be made to the Federal program on the student's behalf as a result of exiting the program. If a student's scheduled attendance is more than 60% of the payment period, he/she is considered to have earned 100% of the Federal funds received for the payment period. In this case, no funds need to be returned to the Federal funds.
 - c. Advise the student of the amount of any Federal Grant Overpayment, if applicable, and outstanding tuition and fees after the R2T4 calculation.
8. A copy of the completed worksheet, letter, and final ledger card will be kept in the student's file.

The Calculation Formula:

Determine the amount of Title IV, HEA aid that was disbursed plus Title IV, HEA aid that could have been disbursed.

Calculate the percentage of Title IV, HEA aid earned:

- a) Divide the number of clock hours scheduled to be completed (from the first day of class until the last date of attendance) in the payment period as of the last date of attendance in the payment period by the total clock hours in the payment period.

HOURS SCHEDULED TO COMPLETE

TOTAL HOURS IN PERIOD = % EARNED

(Rounded to one significant digit to the right of the decimal point, ex. 44.93 = 44.9 %.)

- b) If this percentage is greater than 60%, the student earns 100%.
- c) If this percentage is less than or equal to 60%, proceed with calculation.

Percentage earned from (multiplied by) Total aid disbursed, or could have been disbursed =
AMOUNT STUDENT EARNED.

Subtract the Title IV aid earned from the total disbursed =
AMOUNT TO BE RETURNED

100% minus percent earned = UNEARNED PERCENT

Unearned percent (multiplied by) total institutional charges for the period =
AMOUNT DUE FROM THE ACADEMY.

If the percent of Title IV aid disbursed is greater than the percent unearned (multiplied by) institutional charges for the period, the amount disbursed will be used in place of the percent unearned.

If the percent unearned (multiplied by) institutional charges for the period are less than the amount due from the Academy, the student must return or repay one-half of the remaining unearned Federal Pell Grant.

Student is not required to return the overpayment if this amount is equal to or less than 50% of the total grant assistance that was disbursed /or could have been disbursed. The student is also not required to return an overpayment if the amount is \$50 or less.

The Academy will issue a grant overpayment notice to students within 30 days from the date of the Academy's determination that student withdrew, giving student 45 days to either:

1. Repay the overpayment in full to the Academy OR
2. Sign a repayment agreement with the U.S. Department of Education.

Order of Return

The Academy is authorized to return any excess funds after applying them to current outstanding Cost of Attendance (COA) charges. A copy of the Institutional R2T4 work sheet performed on your behalf is available through the office upon student request.

In accordance with Federal regulations, when Title IV, HEA financial aid is involved, the calculated amount of the R2T4 Funds is allocated in the following order:

- Unsubsidized Direct Stafford loans
- Subsidized Direct Stafford loans
- Direct PLUS loans
- Federal Pell Grants for which a Return is required
- Iraq and Afghanistan Service Grant for which a Return is required

Earned AID:

Title IV, HEA aid is earned in a prorated manner on a per diem basis (clock hours) up to the 60% point in the semester. Title IV, HEA aid is viewed as 100% earned after that point in time. A copy of the worksheet used for this calculation can be requested from the Financial Aid Director.

Post Withdraw

If you did not receive all of the funds that you have earned, you may be due a post-withdraw disbursement. The Academy may use a portion or all of your post-withdraw disbursement for tuition and fees (as contracted with the Academy). For all other Academy charges, the Academy needs your permission to use the post-withdraw disbursement. If you do not give permission, you will be offered the funds. However, it may be in your best interest to allow the Academy to keep the funds to reduce your debt to the Academy. For student loans that will be disbursed as a post withdrawal disbursement, the Academy must have the student's permission to disburse the loans.

The post-withdrawal disbursement must be applied to outstanding institutional charges before being paid directly to the student. Both grants and loans must be disbursed within 180 days of the date of determination in a post-withdrawal disbursement.

Institution Responsibilities

The Academy's responsibilities in regard to Title IV, HEA funds follow:

- a. Providing students with the information in this policy.
- b. Identifying students who are affected by this policy and completing the return of Title IV funds calculation for those students.
- c. Returning any Title IV, HEA funds due to the correct Title IV programs.

The institution is not always required to return all of the excess funds; there are situations once the R2T4 calculations have been completed in which the student must return the unearned aid.

Overpayment of Title IV, HEA Funds

Any amount of unearned grant funds that a student must return is called an overpayment. The amount of grant overpayment that you must repay is half of the grant funds you received. You must make arrangements with the Academy or Department of Education to return the amount of unearned grant funds.

Student Responsibilities in regard to return of Title IV, HEA funds:

- Returning to the Title IV, HEA programs any funds that were disbursed to the student in which the student was determined to be ineligible via the R2T4 calculation.
- Any notification of withdrawal should be in writing and addressed to the Academy registrar's office.
- A student may rescind their notification of intent to withdraw. Submissions of intent to rescind a withdraw notice must be filed in writing with the Academy registrar's office.

Refund vs. Return to Title IV

The requirements for Title IV, HEA program funds when you withdraw are separate from any refund policy that The Academy may have to return to the student due to a cash credit balance. Therefore, you may still owe funds to the Academy to cover unpaid institutional charges. The Academy may also charge the student for any Title IV, HEA program funds return based on the R2T4 calculation.

- If you do not already know what the Academy refund policy is, you may ask for a copy at the Financial Aid Office.

OR

- You may access the policy on the school catalog located on the school website.

Return to Title IV Questions?

If you have questions regarding Title IV, HEA program funds* after visiting with your Financial Aid Director, you may call the Federal Student Aid Information Center at 1-800-4-fedaaid (800-433-3243). TTY users may call 800-730-8913. Information is also available on student aid on the web www.studentaid.ed.gov
