

Why Use a Public Adjuster to Handle Your Insurance Claims?

Our Personal Approach

Metro's in-house capabilities provide you with complete personalized services. As soon as you contact us about your loss, we immediately dispatch our professional claims representative to assess your damages. Our staff of insurance experts diligently review and analyze your insurance policy. Our legal counsel is available for consultation and to resolve legal issues. Too often, clients settle for less because they can't interpret the hidden details of their policy.

What You Are Up Against When Submitting a Claim

When you submit a claim, you have to deal with a very experienced insurance company adjuster who is thoroughly trained in all aspects of minimizing your damage. Keep in mind that it is the homeowner's responsibility to point out the damage. It is not the insurance company adjuster's job. Company adjusters minimize your damage by encouraging cost saving methods.
