Product Overview

GLAMASCREEN is an innovative slat fencing & gate system unlike any other. Besides security, our goal is to give you a premium look that is guaranteed to impress. Our slat fences come customised with pre-set gaps to speed up installation times.

A few key features of GLAMASCREEN products include:

- Stylish looks and practically zero maintenance
- 100% aluminium construction
- No visible screws or rivets
- Smooth finish
- Time-saving - up to 50% more efficient with installation
- Choice of wood grain and powder coating

Complete your dream home with GLAMASCREEN slat fencing and gates! Talk to your local GLAMASCREEN supplier today!

Fencing

GLAMASCREEN: The Epitome of Modern Fencing

Transform your property with GLAMASCREEN, an innovative slat fencing system designed to enhance aesthetics and functionality. This cutting-edge solution combines sleek design with top-notch quality, ensuring your home stands out with improved privacy, security, and curb appeal.

Crafted from premium-grade aluminium, our slats are 65mm x 16mm, offering a perfect balance of durability and style. Lightweight yet robust, they withstand time and weather, providing lasting beauty and protection for your outdoor space.

We prioritise convenience and excellence, offering complete supply and installation services for a seamless, stress-free experience. Our expert team manages everything from precise measurement to flawless installation.

Our innovative face-fixed design enhances the sleek appearance of your fencing and simplifies the installation process, saving time and money. With pre-determined slat gaps of 8mm, and 25mm, and no visible fixings, our system delivers a flawless, sophisticated finish.

GLAMASCREEN is versatile, suitable for boundary fencing and privacy screens, enhancing both beauty and functionality. With the ability to span up to 1800mm between supports or 3600mm with a midrail, we accommodate virtually any size requirement.

Elevate your home with GLAMASCREEN, proudly made in Fyshwick, Canberra. Transform your outdoor living space today with our stylish, durable, and convenient slat fencing system.

Gates

GLAMASCREEN Gates – Sleek, Sophisticated & Secure

GLAMASCREEN slat gates are a sleek, secure, and stylish addition to any property. Our gates feature 65mm x 16mm slats with customisable gap sizes of 8mm, and 25mm, designed to enhance your home's aesthetic appeal while ensuring security and privacy.

Crafted with precision, our patented gate system, designed by Alucom, offers unparalleled quality and innovation. All gates are custom-made in Fyshwick, Canberra, ensuring the highest standards of craftsmanship and durability.

Whether you need a small pedestrian gate, double driveway gates up to 3600mm wide, offset gates, or sliding gates, we've got you covered. While our standard configuration features horizontal slats, we can accommodate vertical slats upon request.

We offer a variety of options for latches, hinges, and other hardware, allowing you to tailor your gate to your exact specifications. Our gates are supplied and installed by our experienced team.

Elevate the security and style of your property with GLAMASCREEN slat gates – the perfect blend of functionality and elegance. Transform your outdoor space today with our innovative slat gate system.

For DIY customers, our gates can be provided as custom-made fully assembled panels to your dimensions with appropriate post options for easy installation.
