Cutting

Cut To Size

tick

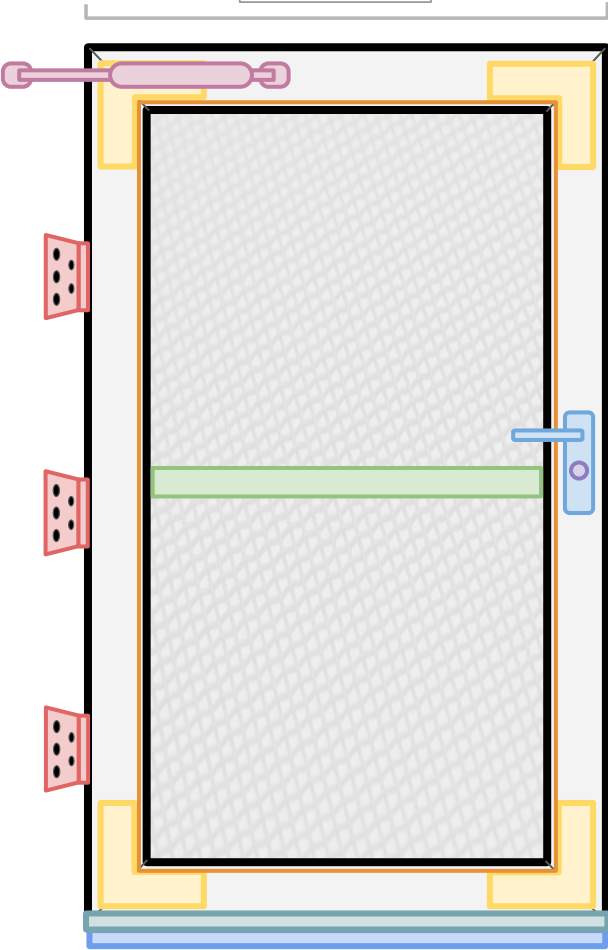

Note: We can cut 90° across, but will not cut mitred (45°) angles.

You will need to cut your own mitres. Please allow for appropriate grip area and wastage.

2x Horizontals:	mm
2x Verticals:	mm
These sizes are correct:	initials

Note: Diamond Grille can be selected along with a mesh.

Width (mm)

Height (mm)

Hint: Crimp or glue the ends of bug strip to stop the bug fur from sliding out.

Jambs, boxing, and tracking are sold separately.
