GET AROUND WITH UMOB

Do you want to get around Rotterdam? Then use the umob app!

umob is revolutionising urban mobility - it connects all forms of transport into one simple app. Whether you need a shared bike, a shared scooter, a taxi or a ticket for public transport – with the umob app, it's fixed in no time.

The umob app is available in your favourite app store. Download, sign up with your email address and add a payment mode.

About umob

umob is the new standard in how people move sustainable, effective, and easy from A to B. How? By one platform that offers direct access to all available taxi, sharing and public transport services. This platform aims to inspire people and cities to fully commit to sustainable travelling and to create liveable cities. It's mob's mission to provide users with one single app to ride them all, for ourselves and for our planet. In this way umob enhance easy access to sustainable modes of transport, for everyone.
