## Scheduling

I sometimes have same-day openings but appointments are preferred. Most treatment plans require multiple treatments and I like to schedule in advance. I work with you and your schedule.

## Cancellations

Please schedule responsibly. Last minute cancellations vacates my calendar and may deprive others an opportunity for much needed or urgent care. Rescheduling your appointment means working around my schedule in place. Multiple cancellations of three or more draws me to reconsider our working relationship. If possible, kindly allow me 48 hours advance notice of cancellation.
