

# CHOCOLATE COVERED CARAMEL CORN

*Thank you to Johanne Blais of Azilda, Ontario for this recipe*

4-5 cups prepared caramel corn

1 box **Chocolate Microwave Fudge Mix**

½ cup butter, cubed

¼ cup milk

1 tsp. vanilla

Place fudge mix in a microwave-safe bowl and over-top add the cubed butter, milk and vanilla. Microwave uncovered on high for 3-4 minutes, stirring after 2 minutes and again at the end of cooking time. Meanwhile, place caramel corn in a large bowl. Pour fudge over caramel corn; mix to coat well. Pour out onto parchment-lined baking sheets and let set. For faster set-up you can refrigerate. Store in an air-tight container in the fridge.
