

Miscellaneous Items

With the inclusion of our polyurethane (PU) Pulleys and Rollers, Ventilation Curtains & Sheeting, Dust Suppression Spray Bars, Mine Vehicle Accessories, Conveyor Belt Accessories and Tread Plates & Plugs, JSIS Engineering (JSIS) are able to design and manufacture hundreds of items to suit any of your site requirements and needs. We pride ourselves on being able to design and manufacture fit for purpose solutions for our Clients' problems. From drawings and prototypes to the end product, JSIS are the experts when it comes to PU manufactured products.

We can supply single, one off items or large quantities to make items more cost effective.

With 7 permanent in-house ovens we can manufacture several items simultaneously, giving us the flexibility of being able to meet customer demand and deadlines.
