Who we are

Chris Boaler is a flooring specialist with over 50 years of experience in Queensland. He is renowned for his extensive knowledge of flooring and for being one of the original flooring installers in the region. While he is a qualified flooring installer, he has chosen to concentrate exclusively on floor preparation, which has earned him an outstanding reputation in the flooring industry.

Tenneille Boaler, daughter of Chris is a licensed flooring contractor and holds a Certificate 3 in flooring technology, as well as a waterproofing license. She has been an integral part of the family business for more than twelve years and shares her father's approach to client service: respect and delivery.
