ABOUT

CRIMSON CONTRACTORS

Whether you require a new office building, factory extension, new classrooms built, refurbishment project, property conversion, or new build development we have the expertise and resources to make it happen.

CRIMSON CONTRACTORS

Do you need a partner who can deliver high-quality, bespoke and cost effective solutions for your commercial building project?

Then Crimson Contractors fits the bill.

WE ARE COMMITTED

At Crimson Contractors we are committed to delivering exceptional results that will exceed your expectations. We work closely with you, building a healthy working relationship based on professionalism and trust.

OUR SERVICE

Taking into account your designs and budget, we offer a complete multi-disciplined managed service from initial tender through to completion. We work with a diverse range of commercial and public sector clients of all sizes across the Midlands region.

OUR RELATIONSHIP WITH YOU

We work in partnership with you to understand your needs, budget and vision for your project. We use innovative methods and quality materials to ensure your new building project meets all necessary regulations and best practices.

WHY CHOOSE US

When you finally get the green light to go ahead with your building project, you need a professional team on board you can rely on and trust. We offer the highest standards of workmanship at competitive prices. Our goal is to exceed the expectations of your clients.

MAIN CONTRACTORS

As the main contractors, we will manage your project from initial quote through to build completion including, groundwork, brick and block work, steelwork, 1st and 2nd fix electricals, plastering and decoration.

COMMERCIAL CONTRACTORS

As commercial contractors we specialise in all aspects of commercial work, from office blocks, factory extensions, schools, surgeries, property conversions, new builds and renovation projects in both the private and public sectors.

FULLY INSURED AND CDM COMPLIANT

We have £10 million Public Liability and Employee Liability insurance and we are CHAS approved and CDM Compliant.

We can help you with:

- Project Management
- Groundwork
- Building extensions
- Refurbishment projects
- New Build developments
- Steel Frame Buildings
- Conversion Projects
- Electrical, Plumbing and heating installations

OUR PROJECTS

Here is an example of just some of our projects.

- Building restructuring of a 4 storey office/retail block in the town centre. Involving RSJ structural work, internal refurbishments and acoustic enclosures on the roof.

- Major refurbishment and restructuring of a social club, including foundations, structural work, walls, new roof, heating, plumbing and electrics.

- A lecture theatre with acoustic dividers to allow the large auditorium to be sub divided, together with new canteen and toilet block.
