

Invitation to 22nd Regulatory and Pharmacovigilance Conference

We are pleased to invite you to the 22nd Regulatory and Pharmacovigilance Conference, taking place in a hybrid format – both in Novo mesto and online – from 8 to 9 October 2025.

This year's theme, "Driving Change, Embracing Implementation," reflects our shared belief that change is not only inevitable, but necessary for growth, innovation, and a better future. As the regulatory landscape continues to evolve, this conference will provide a valuable opportunity to reflect on recent developments, share experiences, and explore how we can adapt and lead with purpose.

The programme will feature expert insights, interactive discussions, and collaborative sessions on key regulatory topics, including the implementation of new variation guidelines, updates to classification systems, and the growing role of sustainability in regulatory practice. In addition, we will take time to celebrate professional achievements and foster stronger connections through an awards ceremony and team-building activities.

We look forward to your participation – whether in person or online – and to another engaging and insightful gathering.

Nataša Eržen Vrščaj
Head of Regulatory Affairs

Suzana Kolenc
Director of New Products
