

BUSINESS OPPORTUNITY

You Name It Toys was established in 1983. In the last 10 years we automated the process with making our puzzles. We now use computer design software to create our puzzle images. The puzzle designs are then printed on our puzzle wood and then laser cut into puzzle pieces. I'm at an age where I need to retire, so I want to pass this wonderful craft business on to the next crafter.

"My children play with their name puzzle stools everyday."

Training and support come with the purchase of the business.
