Repatriation: The act of transporting a deceased person to another country to be laid to rest

Las Rosas Funeral Home **partners across Central and South America and Europe** with known funeral homes to provide door-to-door repatriation services.

We prepare your loved one for **safe transport**, manage all **documentation**, arrange the flight to transport the deceased and ensure your wishes are carried out by **international funeral homes** in our network or of your choosing

We pride ourselves in offering the **fastest turnaround service** in the Tri-State area, with international services concluding **within 7 business days** of bringing your loved one into our care.

Pre-Planning

How do you want to be remembered?

Arrange a private meeting or join one of our group workshops to pre-plan funeral services.

Take the guesswork out of planning for your loved ones, prepare for impending passing, and secure finances ahead of time

Peace of mind - for the rest of your life.

After-Care

Grief doesn't end when funeral services conclude.

Our caring team offers workshops led by grief counselors so that you can connect with others walking the grief journey, too.

Join the community and express yourself in a safe space.
