

The Valley Network

Church Partnership for 2026 (Jan 1-Dec 31)

What is a Valley Network Strategic Partner?

The Valley Network partner is missional, Kingdom-Minded, reproducing, investing in future leaders, and in community with other Valley Network churches.

A Missional Ministry is: Our mission as people of God is to join in His mission, make disciples and reach the lost through disciple-making communities.

A Kingdom-Minded Ministry is: God's kingdom is their goal, not their own church denomination or personal kingdom.

A Reproducing Ministry is: we multiply by sending disciples that establish new disciple-making communities.

A Valley Network Ministry partner commits to one or more of the following:
