SUSTAINABILITY POLICY

Sustainability is a key pillar for **Sunset Hospitality Group**, and **METT Barcelona**, the brand's first urban hotel in Europe, reflects this commitment. The hotel embraces eco-friendly practices such as bamboo room cards, 100% recycled Auara water bottles, and the use of local, organic "0 km" products to support the regional market.

To reduce its environmental impact, METT Barcelona has implemented **BMS** and **metering systems** to monitor energy use, installed four electric vehicle charging points, and added photovoltaic panels for self-consumption energy. Its Airlan Systems air conditioning ensures energy efficiency and low noise levels.

These initiatives have earned the hotel both the **CEE Certificate (Energy Rating B)** and the **BREEAM "Very Good"** certification, recognizing its commitment to sustainable architecture and responsible operations.
