LAND DEVELOPMENT NEXT DOOR

You may have noticed some activity in the big field on North Pines Road next door to Transfiguration Church.

In the summer of 1999, the Diocese of Charleston acquired a large tract of land - approximately 120 acres - near the corner of North Pines Road and Wilson Boulevard. The following year, Transfiguration Church purchased from the diocese approximately 20 acres of that large tract. The purchase included not only land but various buildings: the rectory, the office, two CCD buildings, the red brick youth ministry building, a tractor barn, a storage building and a majestic white barn. In 2004, Transfiguration completed the present church or "Parish Life Center" (PLC) on this property.

The diocese had thought the remaining land on North Pines Road (approximately 100 acres) could be used for a school, a retreat center or both. However, over the years, these dreams have not materialized and in 2024, the diocese sold the property to a developer, North Pines Investors. This week, North Pines Investors began preparing the land for the construction of approximately 150 homes.

Fortunately, Transfiguration's parish grounds will not be noticeably affected as the developer will construct a six-foot fence between the parish property and the new development. However, we will lose the use of the dirt road that runs through the woods since it falls within the boundaries of the new owner. This means we will have to reroute our Halloween hayrides to a less spooky area of the property.

Blythewood is certainly growing, even right here in our own backyard, bringing new opportunities to share the love of Christ with others. I encourage you to have that warm Transfiguration welcome ready, so that our new neighbors will truly experience that "it is good to be here" with the Lord and his disciples - Fr. John

Saint Francis: Visionary of Life

"Hold fast to the memory of our father and brother, Francis, for the praise and glory of Him who made him great among us and glorified him in the sight of the angels."¹

Saint Francis, the poor man of Assisi, is a powerful model for us in building a world and culture that is authentically pro-life. This 13th century saint was a visionary of the radiant goodness of human life.

Early in Saint Francis' conversion, he was riding through the countryside and came across a person suffering from leprosy. Despite being repelled by the appearance and smell, he came down from his horse and kissed the hand of the leper, who returned his kiss of peace, filling Francis with joy. He could see the invaluable dignity of every person, even amidst utter poverty, the disfigurement of disease, and the stain of sin.

Saint Francis is well-known for his radical imitation of Christ and his love for all creation. This is evident in his prayer, "The Canticle of the Creatures," which praises God for all He has created: the sun, moon, and stars; wind, water, and fire. Francis proclaims that the created world reveals the glory of God himself. This is particularly true for the human person, created in the image of God, whose life from conception to natural death is to be honored and protected. Among all creation, the human person has the unique capacity to praise God, highlighting the distinctive dignity of human life.

Strikingly, Francis uttered his "Canticle" while lying half-blind on his deathbed. In welcoming "Sister Death," Francis could no longer physically see the beauty of creation, yet still he praised God for the created world around him.

Oftentimes we, too, are blinded to the goodness of life. Our vision may be blurred by hardships such as poverty, fragility, or suffering, all of which Saint Francis experienced in his earthly life. In the

face of such challenges, Saint Francis is a powerful intercessor, opening our heart and eyes to the gift of life even in the most trying circumstances. Francis had a particular devotion to the Lord's own vulnerability—in the manger, in the Eucharist, and on the Cross—highlighting God's presence in the most defenseless among us.

Pope Leo XIV has decreed that for 2026 "a special Year of Saint Francis shall be proclaimed, in which every faithful Christian, following the example of the Saint of Assisi, shall become a model of holiness of life and a constant witness of peace."² The taking of innocent human life through abortion, assisted suicide, and other acts of violence destroys peace in our world.³ We are called to be witnesses of peace by boldly proclaiming the dignity of the human person and working for the protection of all human life.

In this Year of Saint Francis, may he help us to see the beauty of life in all of creation, in particular, in the weakest and most vulnerable among us. Together, let us pray for the protection of human life and the courage to defend it.

"Most High, glorious God, enlighten the darkness of my heart and give me true faith, certain hope, and perfect charity, sense and knowledge, Lord, that I may carry out Your holy and true command."⁴

MUSIC MINISTRY

On speaking about sacred song, Pope Leo XIV says that music has a unique ability to bring diverse voices together into a single hymn of praise. "For the people of God, song expresses invocation and praise," and "Liturgical music thus becomes a precious instrument through which we carry out our service of praise to God and express the joy of new life in Christ." Saint Augustine reminds us, "Singing belongs to those who love."

As choir members, "Your task is to draw others into the praise of God and to help them to participate more fully in the liturgy through song."

To get involved in this ministry, contact Dr. Denise Rudell: drudell@charlestandiocese.org, (803)735-0512 or any choir member.
