Aster Plan.

Lifestyle Range

*artist impression

The 'Aster' Plan is a spacious and versatile family home designed for modern living, featuring five bedrooms. It offers two living areas, with one able to be completely closed off. The heart of the home is the open-plan kitchen, dining, and living space, which can be easily enhanced by scissor trusses, along with provision for a fireplace—perfect for the Selwyn lifestyle. The kitchen is supported by a generously sized walk-in pantry, while practical storage is a standout throughout, including garage storage and additional hallway cupboards. The home features a separate toilet, and the master bedroom provides a walk-in wardrobe and tiled ensuite. With the laundry conveniently located in the garage, the Aster Plan offers the perfect balance of space, functionality, and comfort for family living.
