Bonnie Plan.

Classic Range

*artist impression

The 'Bonnie' plan is a striking three-bedroom home that combines architectural elegance with modern design. It features a stunning gable end accented by feature fins, complemented by a flat roof entrance canopy that creates a welcoming entry. Inside, the main living area is elevated by scissor trusses, adding height and a sense of openness. The master bedroom is a true retreat, complete with a luxurious tiled ensuite. The 'Bonnie' plan blends style and comfort, making it a standout choice for contemporary living.
