The 'Evora' Plan offers three bedrooms and a smart layout that blends comfort with clever use of space. The main bathroom includes a separate toilet for convenience, while hallway storage keeps the home organised. A separate media room closed off with a barn door provides a cosy retreat, and the kitchen features a hidden pantry alongside built-in dining to maximise space. The entryway includes a stylish seat with storage, and the master bedroom boasts a large tiled ensuite, creating a private and luxurious escape.
