Ivy Plan.

Lifestyle Range

*artist impression

The 'Ivy' plan is a well-rounded four bedroom home designed for comfort and convenience. It features two spacious living areas, with the front lounge boasting a raised ceiling for added elegance. The kitchen, brightened by two skylights, includes a walk-in pantry for ample storage. Additional storage is thoughtfully integrated throughout, with a separate laundry room off the garage. The master suite offers a generous walk-in wardrobe and tiled ensuite, while the main bathroom features a separate toilet. The 'Ivy' plan perfectly balances practicality and style for modern family living.
