The Moss is a smart and stylish 3-bedroom design perfect for back sections. The generous master bedroom includes a walk-in wardrobe and a tiled ensuite with a large shower, while the main bathroom features a separate toilet for added convenience. A separate laundry with a storage cupboard keeps things practical, and the open-plan living and dining area is elevated by striking scissor trusses, with space for a study nook or temple off the dining. The kitchen rounds out the home with a walk-in pantry, making the Moss a well-balanced and functional family favourite.
