## **Planning & Zoning**

- Dundas Annexation Request
  - Cindy Nash reviewed the memorandum she provided to the Board regarding the request to annex a portion of Bridgewater Township into the City of Dundas. It was noted that the Township has 60 days from the date of the request to respond with comments on the topic.
  - In the memo the Board was provided with 3 options to take in responding to the request.
  - Discussion was held regarding the options with the decision that the Board would like to proceed with option “B”.

- It was determined that the Board will review the response draft and provide any comments to the Zoning Administrator with additions, changes, etc. and will hold a special meeting on Thursday, December 18<sup>th</sup> at 6pm to review the updated draft and approve to send to the City of Dundas.
- Dundas Planning Commission Seat
  - It was brought to the Board's attention that Larry Alderks term on the Dundas Planning Commission is set to expire on 12/31/25. It was asked to compile some names for replacement and send to the City of Dundas for consideration.
  - It was determined that some names will be thought of and sent to the Clerk to send to the City of Dundas prior to Larry Alderks term ending.
- Development Rights
  - Andrew Ebling explained that there have been numerous inquiries from residents wanting to sell off a portion of their land as a building site and questioned if there is a pathway that something like this can be done in the Township.
  - Cindy Nash commented that it would be difficult to keep track of "TDR's" and noted that currently if a parcel is zoned Agricultural there is only 1 home allowed per 35 acres, in which the Township must comply with.
  - An option was provided to work with Rice County to see if they had interest in changing the 1 home per 35-acre ordinance to enable smaller lot sizes.
  - It was determined that currently the inquiries that have come in do not have much option to sell small pieces of their larger property in order to have someone build on that smaller piece due to the 1 per 35 restrictions.
