Preparation of Remains

› Embalming ————— \$940

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. Embalming is a chemical process that provides temporary preservation of the body and eliminates health hazards. A person licensed by the state must perform this procedure. The Texas Department of Health states: "No human body may be held in any place or be in transit for more than 24 hours after death and pending final disposition unless it is either maintained at a temperature in the range of 34-40 degrees Fahrenheit, or is embalmed by a licensed embalmer in a manner approved by the Texas Funeral Service Commission or by an embalmer licensed to practice in the state where the death occurred, or is encased in a container that ensures against seepage of fluid and escape of offensive odors." If there will be a public viewing of the deceased, it is the policy of Harrell Funeral Home to embalm the body. You may decline these services by either making other arrangements or selecting other services.

› Refrigeration ————— \$470

An additional fee of \$25 per day after the fifth day

It is the policy of our firm to require refrigeration of an un-embalmed body after 24-hours

Other Preparations

Additional care of embalmed/unembalmed remains included but not limited to the following:

› Restoration, cosmetology, hair care, washing, disinfecting, manicuring, and dressing ————— \$395

› Special care of autopsied remains and/or after organ donation ————— \$410

These prices are effective as of June 24, 2026 but are subject to change without notice.

Our funeral home makes no representations or warranties about the protective value of any caskets or outer burial containers other than those made by the manufacturer. The only warranties expressed or implied, granted in connection with goods sold with this funeral service are the written warranties, if any, extended by the manufacturers thereof. No other warranties and, specifically, no warranties of merchantability and fitness for a particular purpose are extended by the seller. In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.
