Prior to drafting any contract for goods or services, the responsible party or the decedent's survivor who is handling the funeral arrangements is entitled to receive a copy of any pre-need agreement in the possession of the funeral establishment that has been signed and paid for, in full or in part, by or on behalf of the decedent.

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Basic Services of the Funeral Director & Staff \$1,700.00

This fee is charged to every family for basic services and includes consultation with the family or responsible party, clerical fees, and an overhead allocation for license, insurance, maintenance of facilities and equipment, utilities and other business expenses. Except where noted, the fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our special pricing for funeral packages, charges for direct cremations, immediate burials, and receiving remains).

Care and Preparation of The Body
