# WHAT OTHERS ARE SAYING!

*We had such an amazing morning with Cedrick LaFleur! The leadership activity went from little apprehension to excellent discussion, to powerful response and engagement. The timing of this workshop was spot on and the students didn't want to stop!*

S. Buller

*These are things we as coaches repeatedly tell our athletes however sometimes it takes a professional like Mr. LaFleur to get the message through. The week after the training the girls shocked me. I was amazed at how quickly they applied the lessons they learned to the court.*

T. Rogers

*The presentation was excellent. It was inspirational, motivating, and interactive. I believe the message given to our students is needed for all students. Thank you!*

R. Yellott, Barbe HS

*Hey brother: Just want to share this with you this morning: You're a true blessing and kids really look up to you and your guidance. So before I share store with you. Thanks for your above and beyond belief in the youth of the world.*

T. Lavergne

*Thank you so much for your presentation today. My team REALLY enjoyed it and connected well with it. We referred back to things you said the rest of the day. I appreciate it and would love to have you another time.*

J. Richard

*"This conference opened my eyes about how to be positive and go for what I want and make it a reality."*

Student

*"I found that I have to visualize my future before I can see it in reality was very valuable for me."*
