Please explain whether the funding is for equipment and/or capital projects, or for day to day running costs?  
(USFC\* does not normally fund running costs or maintenance although exceptions may be considered.)

How will your application benefit the Parish of Urchfont, Wedhampton & Lydeaway?  
(While there are many worthwhile causes, USFC is primarily interested in supporting good causes in the local community.)

What percentage of your total funding requirements are you requesting from USFC, and how will your organisation raise the shortfall?  
(USFC is more likely to assist organisations that have made serious attempts to raise funds for themselves.)

In what ways has your organisation and/or its members assisted in the running of the Urchfont Scarecrow Festival?  
(USFC encourages all local organisations to take an active role in the event.)

When will your project begin? When will it be completed?  
(USFC is more likely to favour projects that expect to begin in the near future, preferably within 12 months.)

- Should your application be successful, you will need to complete an **End of Grant Form** before the next funding round (January 2027) which will require you to evidence how these funds have been spent e.g. receipts, invoices.
