City of Hornell
Board of Public Works and Public Safety
82 Main St.
Hornell NY 14843

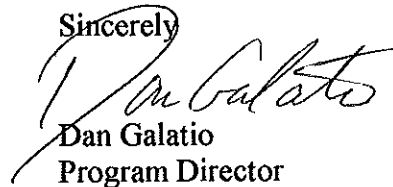

Dear Gentleman,

On Saturday April 21 the Hornell YMCA will be participating in the National Healthy Kids Days that YMCA's across the county will be celebrating. This is a day that the YMCA takes the lead with other agencies to bring health and safety awareness to kids and families.

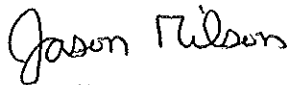

We have many things planed for the day to help achieve our goal to bring health and safety awareness to the kids and people. I would like to ask the City Boards of Safety and Public Works for permission to use the parking lot across from the YMCA so we can have the City of Hornell Fire Department and Ambulance on display and also we would like to use the parking lot for the Life Net of New York Helicopter to land and be on display for the kids and families. The landing zone needs to be a 100' square, with a little more space beyond so that loose gravel doesn't hit cars.

The theme for Healthy Kids is "Take on Summer". We have many groups registered to participant that coincide with the theme. We believe that the addition of the Hornell Fire Department with the ambulance and the Life Net Helicopter will add a great deal to this Healthy Kids day event. We appreciate your assistance in this event and we look forward to hearing from you soon about the use of the parking lot across from the Y.

Sincerely

Dan Galatio
Program Director

Jason Nilson
Healthy Kids Day Coordinator
