Distinguishing Features of the Motor Equipment Operator:
The work involves responsibility for the safe and efficient operation and care of moderately complex motor equipment. Employees are responsible for routine maintenance of their vehicles and when not driving, do light-to-heavy physical labor. Work is performed under supervision except for routine repetitive assignments.

Typical Work Activities

- Operates a dump truck, loader, backhoe, flatbed truck and plow wing in connection with the removal of snow, street cleaning and the transportation of various types of materials, tools, equipment and supplies.
- On assignments may operate a bulldozer, grader, power shovel, roller or other heavy automotive equipment may operate.
- Checks working condition of equipment, gives routine service and maintenance.
- Loads and unloads trucks.
- Performs a variety of manual labor tasks, such as cleaning culverts, shoveling snow, painting and road maintenance work.

Full Performance Knowledges, Skills, Abilities And Personal Characteristics

- Good knowledge of traffic laws and other regulations governing the use of motor equipment and of the hazards and safety precautions involved in its operation.
- Good knowledge of the operation and maintenance of dump trucks, flatbed trucks, backhoe and various other types of motor equipment and related attachments.
- Skill in the operation of moderately complex construction and transportation equipment.
- Ability to perform routine equipment maintenance, make emergency repairs and assist in general and mechanical repair of the equipment when necessary.
- Ability to understand and follow oral and written instructions.
- Physical condition commensurate with the demands of the position.

Minimum Qualifications: Six (6) months' work experience, two years' preferred, or part-time equivalent, in operation of motor equipment used in construction, repair and maintenance of public works, building construction or operation of large trucks (not delivery vans) or tractor trailers.

Requirement: A valid NYS DMV Commercial Drivers' License free from major infractions. Must be able to report for emergency work when called.

Town of Camillus MEO Position Requirements:
Position requirements may change seasonally, as the work changes based on weather and the needs of Town residents. In the Spring, Summer and Fall, an MEO is required to be able to operate a pick-up truck and typical seasonal equipment and be able to perform related tasks such as picking up brush and depositing it into the truck. In the Winter months, an MEO must be physically able to operate a snowplow.
