Concrete Sleepers

Built to last:

- ✓ Retaining Walls
- ✓ Raised Garden Beds

Give a local bloke a go!

Perfect for use in retaining walls, garden beds and edging, our high quality concrete sleepers are simple to install and come in both smooth and woodgrain finishes. They are locally made and manufactured and can be delivered, hassle free directly to your work site.

We are also suppliers of sand, soil, mulch, decorative gravels and stone as seen below. Call us for all your landscaping supply needs.

Concrete Sleeper Specifications:

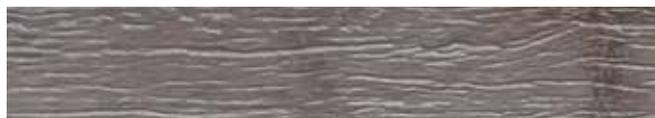

Length: 1800mm | Height: 200mm | Thickness: 75mm

Towac (woodgrain finish pictured)

Charcoal (woodgrain finish pictured)

Black (woodgrain finish pictured)

Sandstone (woodgrain finish pictured)

Concrete sleepers are a stronger and longer lasting alternative to timber.

They are:

- ✓ cost effective
- ✓ won't warp
- ✓ are long lasting & strong
- ✓ high quality
- ✓ locally made
- ✓ easy to install
