2   Using technology for mission 1

3   Using technology for mission 2

4   Using technology for community and belonging

5   Ethics and technology

6   Summative

KNOWLEDGE

Religious people have utilised technology in a range of ways throughout history

Technology is used by religious people for travel, communication and helping others

Using technology raises some important ethical questions for some religious people

What the unit covers…

Building on learning from the previous unit, pupils consider ways in which various religious worldviews utilise technology in contemporary times. Making links with religious beliefs and values, pupils will consider the advantages and disadvantages of using technology in religious worldviews.

Evidence of pupil knowledge can be recorded in a number of ways, including through written work, oracy and reflective activities.
