TCSL Game-day Procedures

Updated for Fall of 2026

[TCSL Home Team Kits](#)

[2026-27 TCSL Policy on Duplicate Jersey Numbers](#)

NEW FOR 2026-27: DIGITAL GAME DAY

N1 and TCSL teams will both transition to a digital game day experience through league-specific mobile phone apps.

- *N1 teams will use the N1 League App*
 - *Download Links Coming Soon*
- *TCSL Fall, Winter and Summer League teams will use the GotSport Live App*
 - [Google Play / Download](#)
 - [Apple Store / Download](#)

Both the N1 and GotSport Live apps are free, providing schedule and game day management for teams and other optional features for teams to share the game day experience.

How this impacts team management and game-day management:

- Game-day team management will now be managed digitally, from within the N1 or GotSport Live App. This includes access to:
 - Team-to-team chat
 - Roster management
 - Team check-in on game day
 - Digital match cards
 - Digital player and staff passes
- Basic game-day workflow remains the same:
 - [Add any needed Club Pass players to your event roster in GotSport online.](#)
 - Set a match roster of the specific primary and club pass players playing in the match
 - NEW: This can be done in either [online in GotSport](#) or in the GotSport Live app
 - Check-in with the match officials for team check-in before each match
 - NEW: This will be completed in the GotSport Live App, no physical match card or passes are needed
 - Match officials will handle score and match reporting
 - NEW: This will be completed online by the match officials utilizing the QR code provided by the HOME team coach or manager before the match

TO-DO BEFORE GAME DAY

- Set the Match Day Roster specific to the match in question, adding primary and club pass players that will be attending.
 - [How to set a match day roster online in GotSport](#) (use this mechanism if you also need to [add new CP players to your event roster](#))
 - [How to set a match day roster in the N1 or GotSport Live apps](#) (CP players previously used and reflected in your league event roster will be available here)
- Match day roster limits:
 - 9U/10U: 14 players may be active on your match card
 - 11U/12U: 16 players may be active on your match card
 - 13U – 19U: 18 players may be active on your match card
- Update jersey numbers if needed, including those for club passed players. All players must have a jersey number listed on the match roster.

Note: Any age-eligible player may play in the match, subject to TCSL Club Pass Rules, as long as they are approved and eligible with US Club Soccer. *Your Club Administrator is your primary contact for player or eligibility and rostering questions.*

TO DO AT THE GAME

- Greet the officials and opposing coaches/managers, set the tone for a collaborative match.
- Before kick-off, a HOME TEAM coach or manager will provide the match QR code for the official to scan, this gives the access to check-in the teams, complete scoring and complete any other needed reporting.
- If needed, clarify any duplicate jersey number issues for match officials (see policy linked above).
- Enjoy the game!
