How to Report Missing or Incorrect Match Scores

Referees should report scores within 24 hours of the match.

- If 24 hours has elapsed and scores have not been posted publicly, teams may update scores by using the form linked below.
- At times an error may be made when entering a score. If you believe a score reflected in the public standings is incorrect, please also use the form below to report that. TCSL staff will make the corrections once confirmed.
- **You will need the match number to enter the score**, which is available on public schedules and also on the team schedule in GotSport and the Photo Match Card.
