

LaMounter-820CLS

32" Wide Format Laminator

The LaMounter-820CLS is designed and engineered for single sided cold lamination as well as mounting of display images. Features simple set-up with one button operation. Standard features include a foot pedal for hands-free operation and a stand not found on many other competitive laminators at this width

Key Benefits

- **User Friendly Controls** and foot pedal for easy one person operation
- **Idler Bars** add tension and help to eliminate wrinkling while laminating
- **Quick Notch** system for gap adjustment and easy webbing
- **Rear Cross Cutter** for removing laminated documents as they exit

The LaMounter-820CLS is a high quality, economically priced cold laminator specifically designed for users to easily and professionally finish wide format graphics. The compact design makes it ideally suited for graphic shops that have limited space availability. Built for safety and ease of use, this sturdy machine is perfect for laminating and mounting pressure-sensitive graphics up to 32" wide. It has a durable, sturdy frame construction and requires little assembly and minimal maintenance
