## EFFICIENT COMMUTING

Light and agile with plenty of power to enjoy the daily commute or for new riders alike. Its powered by a 292.4cc, liquid-cooled, fuel-injected, four-stroke single-cylinder engine which offers a responsive and smooth power delivery, with a balance shaft to keep the vibes at bay. The six-speed transmission is capable for highway speeds, slipper clutch for smoother downshifts when nailing those apexes and switchable ride modes, sport or eco, to enable further fuel efficiency when desired.

## STYLE BY KISKA

With lines by German automotive styling house KISKA design, the 300NK cuts through the urban clutter. A low-slung headlight shapes into the angular larger fuel tank (12.5lt), while a fresh tailpiece completes the NK's aggressive look.

## MOD CONS

The 300NK ABS has all the mod cons with a large colour TFT display with day/night display modes and the choice of either sport /eco ride modes.
