

## Unleash Your Ultimate Journey

Embark on a thrilling journey with the CFMOTO 450MT, a powerful and versatile adventure touring motorcycle designed to redefine your riding experience. Whether you crave the freedom of open roads or the excitement of off-the-beaten-path exploration, the 450MT is your passport to limitless adventure.

### Powerful Performance

Powered by CFMOTO's acclaimed 449cc parallel-twin platform, the 450MT Adventure Touring Motorcycle is a masterpiece of engineering, meticulously tuned to meet the demands of adventure enthusiasts. With a heart that roars with 32.5kW of power at 8,500 rpm and 44Nm of torque at 6250 rpm, this machine delivers optimal power and torque, ensuring every journey is nothing short of exhilarating.

## Precision Engineering for a Seamless Ride

Featuring dual balance shafts, the 450MT guarantees enhanced throttle response and reduced vibrations, providing a smooth and enjoyable ride across diverse terrains. Weighing in at just 175kg dry, this motorcycle strikes the perfect balance between lightweight agility and robust durability, making it the ultimate choice for adventure seekers.

## Premium Suspension for Ultimate Versatility

Take on any track with confidence, thanks to the premium KYB suspension components offering a remarkable 200mm of travel. Featuring adjustable compression, rebound damping, and spring preload, ensures personalised control, allowing you to easily conquer both on and off-road challenges.

## Comfort Meets Control

Thoughtfully fine-tuned ergonomics make long journeys a breeze on winding roads while maintaining complete control on rough tracks. The high-bend handlebar and dedicated foot pegs contribute to a comfortable and confident riding experience, ensuring you're always in command of your journey.

## Off-Road Dominance Redefined

The 450MT's off-road spirit is embodied in its technical prowess, striking bodywork, and distinctive styling. With 90/90-21 front and 140/70-18 rear wheels, a generous 220mm of ground clearance, and a comfortable 820mm seat height (adjustable to 800mm via the optional linkage mounting position), the 450MT is poised to conquer challenging routes.

## Switchable Rear ABS & Traction Control

Tailor your ride to your preferences with the flexibility to disable the BOSCH dual-channel ABS on the rear wheel via a dedicated handlebar button. The BOSCH Traction Control System (TCS) can be easily disengaged through the user-friendly 5" TFT colour display, which also supports Bluetooth connectivity for a seamless riding experience.

## **Comfortable Ergonomics**

Enjoy long rides with the ergonomic design of the 450MT. The adjustable windscreen, spacious seating, and optimised riding position ensure comfort and reduce fatigue, allowing you to focus on the journey ahead.

## **Uncover a New Era of Adventure**

Explore the world beyond boundaries and redefine your adventure with the CFMOTO 450MT. Elevate your riding experience, embrace the off-road spirit, and make every journey memorable. Choose power, precision, and style – choose the 450MT.

## **3 YEAR WARRANTY**

CFMOTO Motorcycles are supported by our 3 Year Factory Warranty Program. The program provides warranty for a period of two years from the date of purchase. However, if you have your CFMOTO Motorcycle serviced exclusively at an authorised dealer and retain an accurate service history, you may be eligible for a further one year extension. For further details, contact your CFMOTO Motorcycle Dealer.
