

DTX360

EXPLORE THE UNCHARTERED WITH THE NEW ADVENTURE CROSSOVER SCOOTER

The long-awaited KYMCO DT X360 scooter has arrived in Australia, based on the excellent Downtown 350i template which includes the punchy 321cc, liquid-cooled, fuel-injected, four-valve single-cylinder engine.

The DT X360's major point of reference is based on its 'adventure' credentials, which includes 14- and 13-inch aluminium-alloy wheels shod with dual-purpose tyres to take on light off-road terrain as part of the machine's more wide-ranging remit. Other standout features include traction control, a 12.5-litre fuel tank, 800mm seat height – 25mm higher than the Downtown – wide handlebars, keyless ignition, all-LED lighting and a full-colour LED digital screen and two USB ports. Underseat storage is roomy as well: enough to accommodate at least two helmets.

GALLERY

FEATURES

EFFICIENT FOUR-STROKE ENGINE

produces 21.2kW (28.8hp) of power and 30Nm of torque for maximum engine flexibility in all urban and touring environments. Additionally, peak power of the G5SC powerplant is produced lower in the rev range (now at 7250rpm) while peak torque is produced at 5750rpm for enhanced performance at lower rpm.

ADVANCED ELECTRONIC FUEL INJECTION

Electronic fuel injection is mapped to deliver an even low down power while maintaining consistent fuel economy.

RUN CLEAN AND EFFICIENT

Further refined Euro 4 compliant engine runs cleaner creating fewer emissions

SEEK ADVENTURE

The DT X360 has large 14- and 13-inch aluminium-alloy wheels shod with dual-purpose tyres to take you places you otherwise may not have gone.

OFFROAD EGOS

Wider handlebar assists in maximising leverage, especially on unpaved surfaces, while the higher seating position (800mm, compared to 775mm on the Downtown) is to maximise rider visibility.

SUPERIOR STOPPING POWER

Stopping power comprises twin 260mm floating discs with three-piston calipers up front while a twin-piston caliper bites a 240mm disc at the rear.

STORAGE

A double glove compartment is at the ready convenience for small, quick-access items. Furthermore, a large underseat storage to accommodate two helmets.

*Certain helmet shapes may not fit in the underseat storage compartment.

ALWAYS BE FULLY CHARGED

A USB port is readily accessible in the front glove box compartment to recharge devices while on the move.

FUN NO MATTER THE CONDITIONS

Broad front fairing design and front screen provide enhanced weather protection.

ROOM FOR A PILLION PASSENGER

Comfortable pillion position with fold out foot pegs and grab handle.

SUPERIOR DAMPING

Dual five-position adjustable rear shocks and telescopic fork deliver responsive handling and superior road holding ability.

INSTRUMENTATION

Full colour LED digital screen.

ERGONOMIC SEATING

Plush yet hard-wearing seating provides rider and pillion passenger maximum comfort, perfect for long distance rides.

FEATURES CONTINUED

BOSCH ANTI-LOCK BRAKING SYSTEM (ABS)

Bosch ABS is the most reliable and fastest acting emergency braking system on the market. The Like is equipped with Bosch's 9.1M ABS system, which is the lightest anti-lock braking system in the industry, at only 0.7kg.

TRACTION CONTROL

Standard fitment of traction control, which in addition to the existing surety of ABS brakes, adds a high degree of safety and confidence to the riding experience.

SIMPLE TWIST AND GO TRANSMISSION

Twist and go CVT automatic transmission inspires rider confidence and allows for easy operation.

AGGRESSIVE LOOK

Mean styling cues, modern LED lighting and design make the DT X360 stand out from the crowd.

MAKE PARKING A BREEZE

Effortless centre stand and practical side stand make parking a breeze.

SEGMENT LEADING LIGHTING DESIGN

Dual headlamps with circular LED position lamps, large arrowhead design LED indicator lamps and integrated dual diamond shaped tail lamps with LED market lamp increase vehicle visibility.

COLOUR

Available in Black/Orange

LAMS APPROVED

Ride under the Learner Approved Motorcycle Scheme (LAMS).

FACTORY WARRANTY

3-year factory warranty program* provides advanced product coverage and delivers a superior ownership experience.
