

Alpha Mix

Environmentally Safe

REASONS to Use Deep Seal

ALPHA MIX 18 REASONS

1. Quicker and Easier Concrete Placement
2. Stronger Bond of Concrete to Steel
3. Decreased Cementitious Material Waste
4. Greater Density and Less Permeability
5. Reduced Shrinkage and Cracking
6. Reduced Water Bleeding
7. Reduced Honeycombing and Laitance
8. Reduced Leaching and Efflorescence
9. Reduced Slab Curl Potential
10. Reduced Internal/External Dusting Potential
11. Reduced Rate of Absorption
12. Greater Freeze-Thaw Resistance
13. Increased Flexural Strength
14. Increased Compressive Strength
15. Increased Acid / Chemical Resistance
16. Lower Internal Chemical Reaction Potential
17. Greatly Improves Durability
18. Improves Surface Abrasion Resistance

ALPHA MIX is also

- Non-Toxic
- Zero VOC or VOS Content
- Environmentally Safe
- User Friendly
- Odorless
- Non-Flammable
