

FUELING THE CURE

Fueling the Cure was created with the hope of finding a common goal for agricultural cooperatives to work “cooperatively” together to better their communities through the support of cancer research. By donating \$1 per delivery stop of bulk propane, this organization has raised more than \$1.5 million to promote cancer research and prevention.

Centerra Co-Op's "Fueling the Cure" Golf Outing is an effort to further raise money for this important research. Over the past 14 years, this event has raised more than \$500,000. That's in large part to the generous support from our friends and business partners.

Thank you for choosing to support our mission.
