SMITHVILLE FERTILIZER BUILDING

The new fertilizer building in Smithville is taking shape! The roof is on and it should be shingled and sided in early December. As of now things are looking great to be operational by spring. The new 18,900 sq. ft. facility will house almost 4,200 tons of dry fertilizer and have an automated receiving system. Check out the progress on the live cam by using the QR code (click the play button in the top right).

FUELING THE CURE

Recently, Matt Fugate and Jen Warden traveled to Columbus to present The Ohio State University Comprehensive Cancer Center with a check from the Cooperatives for the Cure of Cancer Fund. This year we were able to donate over \$230,000 through fundraising efforts such as our Fueling the Cure Golf Outing and \$1/delivery stop program. We are so very thankful for our customers, employees and vendors who help raise these funds and hope this support will bring us even closer to finding a cure.

2026 CALENDARS ARE HERE

Visit your local Centerra location and pick up your 2026 calendar. All year long you will enjoy amazing photos from Ohio and Pennsylvania!

2027 CALENDAR PHOTO CONTEST

We just finished up our 2026 Calendar Photo Contest, but now is a great time to get some winter pictures for the 2027 calendar. So grab your camera or phone and capture the beauty!

Happy New Year!*

PATRONAGE PAID

In our 9th year as Centerra, we are proud to be paying patronage for the 9th year in a row. This year brought its share of challenges for all of us, but together we continue to adapt, stay resilient and move forward with confidence. This year we paid patronage on grain, fuel and propane with 50% being paid in cash and 50% in equity. Price volatility continues to increase, making risk management more important than ever. We encourage you to take advantage of our price lock-in programs for fuel and ag inputs, as well as our grain marketing tools designed to help you protect your margins.
