## Sportsmanship

Activity programs are primarily for the student participants. The purpose of scholastic athletics is to provide positive learning experiences and opportunities for personal growth of our student athletes. This competition is being conducted according to the rules of the Oklahoma Secondary School Activities Association. Players, coaches, officials, and spectators can, and are expected to assist in the promotion and achievement of good sportsmanship ideals by taking personal responsibility for keeping this contest at a high level of fair, clean, wholesome competition. Good luck to both teams.
