

Temperature Controlled Warehouse in Pleasant Prairie, Wisconsin

Looking for a reliable 3PL in Wisconsin and the surrounding states? We've got you covered. At Midwest Refrigerated Services, we specialize in integrated temperature-controlled warehousing, transportation and packaging services designed for your supply chain needs.

Family-owned since 2000, MRS has expanded to become one of the most trusted regional 3PL providers in the Midwest. While our footprint has grown, our values haven't changed—we remain focused, responsive, and ready to build partnerships that move your business forward.

Cold. Clean. Correct. On time. That's the MRS standard.

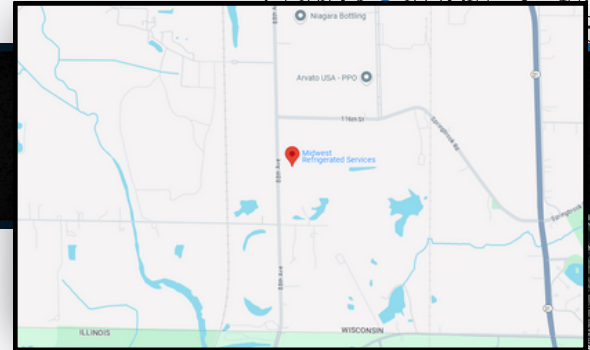

28 Consecutive BRCGS AA Certifications - the highest attainable rating under the BRC Global Standards

The MRS Solution

MRS provided a fully integrated cold chain solution by bringing transportation, warehousing, and value-added services into one operation.

- **Warehousing:** Secure, food-grade warehousing protects product integrity and provides full visibility through MRS's inventory dashboards.
- **Transportation:** Temperature-controlled truckload and LTL services ensure product quality and compliance from origin to destination.
- **Value-Added Services:** Secondary packaging for variety packs, kitting, assembly and display ready units

With MRS's in-house IT team working alongside the customer's, onboarding was smooth and seamless. The customer now tracks everything in real time, from inventory levels to trailer temperatures, using MRS's advanced logistics technology.
