Christie's Carousel of Learning Welcomes You!

Welcome and thank you for your interest in Christie's Carousel of Learning Preschool/Day Care. We would like to introduce ourselves. We are Jan Christie Pagone, Judy Christie Fritz and Nancy Christie Gobbo. We are sisters that have been operating this school for over forty years and are very happy to be able to provide a wonderful program to the children of Park Ridge and the surrounding communities. We offer a variety of hours, along with the flexibility to choose what days are best suited for your schedule.

Our Summer Day Camp program consists of nine fun and adventurous weeks! What is great about our Summer Day Camp program is that you can choose whichever weeks you would like your child to attend. You can also register your child for different days and different times within those weeks. We always look forward to new and returning students attending our summer camp, since the ages of the children vary between two and nine years of age. Enclosed you will find an outline of each week's theme along with some of the many activities that will take place within each week.

Our Fall school year program is from August until June. Children are assigned to classrooms according to their age. The school year differs from the summer day camp because the days and times that you choose to enroll your child remain the same throughout our fall school calendar. Enclosed you will find more information regarding our daily schedule, along with some examples of the goals we set for each age group.

The information in this packet should be helpful and provide you with answers to questions. We are always available to discuss any additional questions you may have. We would like to invite you to view a virtual tour of our facility. We believe you will find the atmosphere and environment welcoming and suitable to provide your child with the best educational experience.

Please let us know if we can provide you with any further assistance:

CHRISTIE'S CAROUSEL OF LEARNING

CHRISTIE FAMILY

After 42 years, our family and school continues to thrive on the concept of family love.

PHILOSOPHY

Since opening our preschool/day care in 1981, our philosophy has been and will continue to be based on our concept of family love.

Georgia & Gene Christie along with their nine children started the school with the idea of providing a loving, caring, enjoyable environment for both the children and parents.

Success in social adjustment in an intellectually stimulating environment establishes the necessary physiological format for each child to cope with a structured educational environment upon entering the Elementary Educational mainstream.

Our curriculum encourages play as the child's most appropriate tool for learning. We understand the importance of play to children's development by providing opportunities for both structured and spontaneous activities in our program.

Coming from a family of nine we recognize the importance of each child developing their own unique personality. Each child may grow intellectually at their own pace by providing an environment that encourages the development of a positive self-esteem.
