Impact

Kasia Piascik

Habitat for Humanity GTA

OWL is our new one-stop-shop for training and onboarding.

Alycia Ho

Toronto Foundation for Student Success

Before OWL, we had to direct employees to various training sources and track their progress on Excel. Now it's all done in one platform!

Hector Addison

African Canadian Association of Ottawa

Switching from our old LMS to OWL instantly saved our charity more than \$10k in platform and content fees. We wish we had known about OWL earlier!

Madeline Cipriano

Learning Disabilities Association of Niagara Region

Joining OWL has reduced our training costs significantly.

Chris Allan

Huron County Food Bank

The more I get into this platform, the more I love it and can't wait to utilize it more.
