

## **DOORS & LAMINATE GENERAL CARE AND MAINTENANCE GUIDE**

### **Routine Care & Maintenance**

DOORS - Wipe down using a damp soft cloth containing warm soapy water, followed by drying using a soft or microfibre cloth so as not to leave any residue on the door or panel. If this is sufficient there is no need for any further action.

LAMINATE BENCHTOP - Using a mild household spray wipe down the benchtop with a soft cloth. Dry using a soft cloth so as not to leave any cleaning solutions on the surface.
